Did you work in a building that used or stored beryllium?

Do you know for sure?

Find out today.

Contact the beryllium case-management specialist at 376-6000 or visit www.hanford.gov/safety/beryllium for information on where beryllium was stored or beryllium-related operations were conducted at Hanford.

Exposure to beryllium particles can affect your health.

You should consider getting tested for beryllium sensitization if you think that you've been exposed.
