

7.0 Other Hanford Site Environmental Programs

At the Hanford Site, a variety of environmental activities are performed to comply with laws and regulations, to enhance environmental quality, and to monitor the impact of environmental pollutants from site operations.

This section summarizes activities conducted in 1998 to monitor the climatology and meteorology, to assess the status of the ecosystem, to monitor and manage cultural resources, to actively involve the public in environmental surveillance activities, and to control noxious weeds on the Hanford Site.
