
CBDPP I&M Committee Meeting Minutes

July 01, 2010

2430 Stevens / CR 297

MEETING CANCELLED FOR JULY 01, 2010.

The July 01, 2010 meeting was cancelled because at least two contractors wouldn't be able to attend due to their need to complete their Corrective Action Plan and Root Cause Analysis.

Each contractor must have their Corrective Action Plan and Root Cause Analysis to either RL or ORP by July 8, 2010. Because these documents must be formally submitted, they must be completed several days before their actual due date so that they can go through a review process.
