

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT

2. AMENDMENT/MODIFICATION NO. 0101		3. EFFECTIVE DATE See Block 16C	4. REQUISITION/PURCHASE REQ. NO.	1. CONTRACT ID CODE	PAGE OF PAGES 1 5
6. ISSUED BY Office of River Protection U.S. Department of Energy Office of River Protection P.O. Box 450 Richland WA 99352	CODE 00603	7. ADMINISTERED BY (If other than Item 6) Office of River Protection U.S. Department of Energy Office of River Protection P.O. Box 450 Richland WA 99352		5. PROJECT NO. (If applicable)	CODE 00603

8. NAME AND ADDRESS OF CONTRACTOR (No., street, county, State and ZIP Code) ADVANCED TECHNOLOGIES AND LABORATORIES (ATL) Attn: JOU HWANG 555 QUINCE ORCHARD ROAD, SUITE 500 GAITHERSBURG MD 208781437		(x) 9A. AMENDMENT OF SOLICITATION NO.
CODE 827013467 FACILITY CODE		9B. DATED (SEE ITEM 11)
		x 10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC27-10RV15051
		10B. DATED (SEE ITEM 13) 11/20/2009

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers is extended, is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)

13. THIS ITEM ONLY APPLIES TO MODIFICATION OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

CHECK ONE	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
X	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF: FAR 52.243-2 Changes-Cost Reimbursement (AUG 1987)
	D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor is not, is required to sign this document and return 1 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)
The purpose of this modification is to replace Section J, Attachment 5, Hanford Site Services and Interface Requirements Matrix, in its entirety with the current revision.
Period of Performance: 01/03/2010 to 01/03/2015

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)	
15B. CONTRACTOR/OFFEROR <i>Samuel R. Hunter</i> (Signature of person authorized to sign)		16B. UNITED STATES OF AMERICA <i>Mark T. McCusker</i> (Signature of Contracting Officer)	
15C. DATE SIGNED 2-13-14		16C. DATE SIGNED 2/19/14	

14. Description of Amendment/Modification Continued:

The following changes are hereby incorporated into the contract:

1. Update Section J, Attachment 5, Hanford Site Services and Interface Requirements Matrix, in accordance with FAR 52.243-2, Changes – Cost-Reimbursement (AUG 1987) – Alternate I (APR 1984), with no cost impact to the contract. The following changes apply to all J-5 Services:

The following changes apply to ALL J-5 Services:

- Interface Type (I/S/P) Spelled out
 - Information
 - Service
 - Physical
- Column Added for Service Type
 - Interface
 - Mandatory
 - Optional
- Column Added to Identify Cost Type
 - Usage-Based
 - Direct-Funded
 - Combination of Usage-Based and Direct-Funded
- Requirements Column Removed
- Scope / Cost Allocation Information Broken Out Under Specific Headings
 - Service Description
 - Usage-Based Services
 - Direct-Funded Services
- For consistency, “Hanford site contractors bear internal implementation costs” was changed to “Hanford site contractors/users bear internal implementation costs”. (Only applies to services that contained this wording)

All other changes are identified in the table below

J5 #	Service Description	Additional Changes
N/A	Cover Page	<ul style="list-style-type: none"> • Changed ASTC (Analytical Services and Testing) to LAS&T (Laboratory Analytical Services and Testing) • Removed abbreviations for Information, Physical and Service as they are no longer used in the J3 matrix • Corrected spelling error (tangible)
1	Infrastructure and Services Alignment Plan (ISAP)	None
2	Hanford Site Interface Management Plan (IMP)	None
3	Protective Forces	Existing text moved to appropriate Scope/Cost Allocation section
4	Physical Security Systems (Nuclear Material, SNM and Classified Matter)	None
5	Physical Security Systems (Government Property)	None
6	Information Security (OPSEC)	None

J5 #	Service Description	Additional Changes
7	Information Security - Classified Matter Protection and Control (CMPC); Classification, Declassification and UNCI Program	None
8	Information Security - Official Use Only (OUO)	None
9	Personnel Security - Badging	Added text: "Hanford site contractors/users bear internal implementation costs"
10	Personnel Security - Access (Authorization Security Clearance Processing Program	None
11	Personnel - Security - Human Reliability Program (HRP)	None
12	Personnel Security - Workplace Substance Abuse Programs (WSAP)	None
13	Personnel Security- Foreign National Visits and Assignments (FNVA)	None
14	Cyber Security - (Classified and Unclassified Cyber Security)	None
15	Nuclear Material Controls and Accountability (MC&A)	None
16	SAS Program Management - Safeguards and Security (SAS) Awareness	None
17	SAS Program Management	None
18	Site Training Services and Hammer	<ul style="list-style-type: none"> Removed reference to MSC SOW Table C.2.1.2.1 and placed relevant items from table directly into J3. Modified text to clarify Mandatory vs. Optional
19	Fire and Emergency Response Services	None
20	Fire and Emergency Response Services (Fire Protection System Inspection, Testing, and Maintenance)	Changed column heading from "Other Site Users" to "Other Contracts" to be consistent with other J3 services.
21	Emergency Operations (Centralized Hanford Site Emergency Preparedness Program)	None
22	Emergency Operations (Event Reporting; and Occurrence Notification Center)	None
23	Site Safety Standards (Common Safety Processes)	Removed reference to MSC SOW Table C.2.1.2.1 and placed relevant items from table directly into J3.
24	Radiological Assistance Program (RAP)	None
25	Environmental Regulatory Management	None
26	Seismic Monitoring Services	Modified description of Direct-Funded services
27	Hanford Environmental Oversight (HEO)	Modified description of Direct-Funded services
28	Meteorological and Climatological Services	Modified description of Direct-Funded services
29	Environmental Surveillance	None
30	Ecological Monitoring and Compliance	None
31	Cultural and Historic Resource Program	None
32	Radiological Site Services (RSS)	Changed references to "MSA" to "MSC"
33	Analytical Services	None
34	Biological Controls	None
35	Crane and Rigging	Inserted minimal text from MSC SOW to clarify scope
36	Facility Services (Including Facility Management)	None
37	Motor Carrier Services	Inserted minimal text from MSC SOW to clarify scope
38	Fleet Services	Inserted minimal text from MSC SOW to clarify scope
39	Railroad Services	None
40	Roads and Grounds	<ul style="list-style-type: none"> Inserted text from MSC SOW to clarify scope Added reference to Snow Removal Plan
41	Electrical Transmission, Distribution, and Energy Management	None
42	Water System	None
43	Sewer Systems	Removed information related to the 100N Lagoon that is no longer relevant
44	Sanitary Waste Management and Disposal	None
45	Land-Use Planning and Management	None

J5 #	Service Description	Additional Changes
46	Long-term Stewardship	Indicated that MSA provides service in this area
47	Facility Information Management System (FIMS)	None
48	Hanford Site Structures List and Hanford Waste Site Assignment List	None
49	Condition Assessment Surveys (CAS)	None
50	Geospatial Information Management	None
51	Property Systems / Materials Management	Minor wording change for clarification
52	HSPP, HSSP, and HEWT {Responsibilities for Sponsorship, Management, and Administration of Contractor Employee Pension and Other Benefit Plans}	None
53	External Affairs	None
54	External Review and Support	None
55	Courier Services	None
56	Reproduction Services	None
57	Multimedia Services	None
58	Mail Services	None
59	Site Forms Management	None
60	Strategic Planning & Program Management	None
61	Telephone Services	None
62	Pager Services	None
63	Radio Services for Crafts	None
64	Security, Fire & Emergency Radios	None
65	Network Services	None
66	Information Systems	None
67	Federal Records Inventory and Schedule Management	Added text to clarify Usage-Based services
68	Major Collection Management	None
69	Long-Term Records Storage	Minor wording change for clarification
70	Hanford Portfolio Planning/Assess	None
71	Project Acquisition and Support	None
72	Independent Assessment and Analysis	None
73	Waste forecast system - Solid Waste Information and Tracking System (SWITS) and Solid Waste Integrated Forecast Technical Database (SWIFT)	None
74	Low Level Waste (LLW) and Mixed Low Level Waste (MLLW) Treatment, Storage, and Disposal	None
75	Transuranic (TRU) and Transuranic Mixed Waste (TRUM) Packaging, Characterization, Certification, and Transportation	None
76	Industrial and Radioactive Liquid Effluents Treatment and Disposal and Industrial Liquid Effluents Retention and Transfer	<ul style="list-style-type: none"> Moved "Administration of 300 Area Effluent Discharge Permit" to Service Description Added text to clarify Direct-Funded services
77	Immobilized High Level Waste (IHLW) Interim Storage	None
78	Immobilized low activity waste (ILAW) Disposal	None
79	Groundwater/Vadose Zone Integration	None
80	Hanford Environmental Data Integration	None
81	Hanford Site Well Drilling and Decommissioning	None
82	Special Nuclear Fuel (SNF) Fragments Transportation	None
83	Tank Farm Projects Double Shell Tank (DST) System Management	None
84	Vent and Balance	None
85	Analytical Laboratory Support (Landlord Services for 222-S Laboratory Complex)	Changed "ASTC" to "LAS&T"

J5 #	Service Description	Additional Changes
86	Analytical Integrated Planning (222-S Laboratory Complex)	Changed "ASTC" to "LAS&T"
87	Tank Closure and Waste Management Environmental Impact Statement (EIS) and Record of Decision (ROD)	None
88	WTP Support	<ul style="list-style-type: none"> • Spelled out ICD – Interface Control Documents • Inserted WTP ICDs under Service Description (they were listed under "Requirements", which have been removed.
89	Janitorial Service	None
90	Laundry Service	None
91	Occupational Medicine Service	None
92	Personnel Security Services	None
93	Research, development, and demonstration	None
94	Sample Analysis (highly radioactive)	Changed "ASTC" to "LAS&T"
95	Steam Services	None
96	Waste Disposal – CERCLA remediation Low Level (LLW) and Contact handled and Remote handled (CH/RH) Mixed Low Level (MLLW)	None

2. Updates to Section J page numbers to correct the gap in numbers where Attachment 5 ended (Pg. J-93) and Attachment 6 started (Pg. J-98); Pages J-94 thru J-97 was missing.
3. Attached to this modification are replacement pages for Contract Section J in its entirety due to the new Hanford Site Services and Interface Requirements Matrix and the page number error.
4. All other terms and conditions remain unchanged.

ATTACHMENT 6: ADVANCED AGREEMENT – PROCEDURES FOR CHARGING COSTS TO WORKFORCE RESTRUCTURING	125
ATTACHMENT 7: PERFORMANCE EVALUATION AND MEASUREMENT PLAN	127

ATTACHMENT 1: DOE DIRECTIVES APPLICABLE TO THE 222-S LAB

The DOE Directives found in the following listing are the “List of Applicable Directives” and “List B” as those terms are used in paragraph (b) of Section I Clause, Laws, Regulations, and DOE Directives. The Contractor shall follow the established exemption process to obtain relief from requirements of these regulations where applicable.

It is anticipated during the performance of this contract, the conditions for applicability of certain DOE Directive may no longer exist. In any such situation where the Contractor seeks relief from the requirements of such DOE Directives, the Contractor may notify the Contracting Officer in writing explaining the reasons for its belief the DOE Directives no longer apply to contract performance. The Contracting Officer may determine the conditions for applicability of a DOE Directive still exist, and may direct the Contractor to continue compliance with the DOE Directive. Additional, even without such direction by the Contracting Officer, if the conditions for applicability of a DOE Directive once again arise, the DOE Directive will immediately become applicable once again.

List B: Applicable DOE Directives

The following is an all-inclusive list of applicable DOE directives.

*Those directives marked “Supplement,” are DOEL-RL CRDs that are in addition to the DOE-HQ CRDs. The Section B clarification and Section C supplemental requirements apply in addition to the HQ CRDs. Any specific clarifications or requirements do not apply unless otherwise notes.

ATTACHMENT 2: 222-S LABORATORY DOCUMENTED SAFETY ANALYSIS

In accordance with Section C.2.3.4 requirements, the following documents are incorporated:

[DSA HNF-12125.pdf](#)

[TSR HNF-14733.pdf](#)

ATTACHMENT 3: APPLICATIONS, PERMITS, AND NOTICES OF CONSTRUCTION

The following is a list of applications, permits, and Notices of Construction (NOCs) the lab currently complies with:

Liquid Effluents:

- SWDP ST4511, Site-wide Hydrotest, Maintenance, and Construction Discharges, Site-wide Cooling Water and Condensate Discharges and Site-wide Industrial Stormwater Discharges to Engineered Land Disposal Structures
- HNF-SD-W049H-ICD-001, 200 Area Treated Effluent Disposal Facility Interface Control Document

Air Emissions:

- Hanford Site Air Operating Permit, 00-05-006
- NOC, State of Washington Department of Ecology, Letter, July 13, 1992, Approval of the Notice of Construction for the Environmental Hot Cell Expansion
- NOC, State of Washington Department of Health, AIR 08-904, September 8, 2008, *License to Operate the 222-S Laboratory*

Waste Treatment, Storage, Disposal:

The 222-S Laboratory Complex is an interim status Treatment, Storage, and Disposal Facility and does not have a RCRA Permit. An application (DOE/RL-91-27) for a RCRA, Part B, Final Status Treatment, Storage, and Disposal Facility Permit has been submitted to the State of Washington Department of Ecology. Chapter 1 of the permit application contains the Part A, Form 3, Revision 9, Dangerous Waste Permit Application, which must be complied with.

Waste Analysis Plan:

A draft Waste Analysis Plan for the Low-Level Burial Grounds is currently being discussed with the Washington State Department of Ecology

CBA WD

Page 1 of 1

REGISTER OF WAGE DETERMINATION UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor	U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210
Diane Koplewski Director	Division of Wage Determinations
State: Washington	
Area: Benton	
Wage Determination No.: CBA-2012-5191 Revision No.: 3 Date Of Last Revision: 11/11/2013	

Employed on U.S. Department of Energy, Office of River Protection contract for the scope of this contract, awarded to Advanced Technologies and Laboratories, is to perform the Analytical Services production functions of receiving, handling, analyzing, storing samples, performing special tests and reporting the results of these analyses and tests to the contractors of Department of Energy Offices at the Hanford Nuclear Site near Richland, Washington. These functions will be performed through a contract with the DOE Office of River Protection at the 222-S Laboratory located in 200 West.

Collective Bargaining Agreement between contractor: Advanced Technologies and Laboratories, Inc., and union: Hanford Atomic Metal Trades Council, effective 11/11/2013 through 11/10/2018 and amended on 11/11/2013.

In accordance with Section 2(a) and 4(c) of the Service Contract Act, as amended, employees employed by the contractor(s) in performing services covered by the Collective Bargaining Agreement(s) are to be paid wage rates and fringe benefits set forth in the current collective bargaining agreement and modified extension agreement(s).

99841 - Vending Machine Repairer	20.45
99842 - Vending Machine Repairer Helper	16.41

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.81 per hour or \$152.40 per week or \$660.40 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 10 years, and 5 weeks after 20 years.

Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A link to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall

be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)}
When multiple wage determinations are included in a contract, a separate SF 1444
should be prepared for each wage determination to which a class(es) is to be
conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

ATTACHMENT 5: HANFORD SITE SERVICES AND INTERFACE REQUIREMENTS MATRIX

Services listed in the *Hanford Site Services and Interface Requirements Matrix* (Matrix) shall be performed in accordance with the Section H Clause entitled, *Hanford Site Services and Interface Requirements Matrix*.

All services are provided during the Hanford alternate work schedule (AWS) defined as 7:00 a.m. to 4:30 p.m. Monday through Thursday and 7:00 a.m. to 3:30 p.m. on standard Site Fridays unless otherwise noted. Hanford Site contractors can request work outside of this schedule by providing a statement of work and requesting that scope as a usage-based service.

Legend for Matrix – The Legend for the primary Matrix users/providers is as follows:

MSC	Mission Support Contract(or)
PRC	Plateau Remediation Contract(or)
TOC	Tank Operations Contract(or)
WTP	Waste Treatment and Immobilization Plant (Contractor)
RCCC	River Corridor Closure Contract(or)
Other Site Users	Examples include: Occupational Health Services Contractor (OHSC), Laboratory Analytical Services and Testing Contractor (LAS&T), Energy Savings Performance Contractor (ESPC), Pacific Northwest National Laboratory (PNNL) [activities located on the Hanford Site], Laundry Services Contractor, DOE, etc.

Types of Interfaces –

1. Information: knowledge (data, facts, etc) gathered or supplied
2. Physical: systems in tangible contact (i.e., 'pipe-to-pipe'), or a physical exchange of product or materials
3. Service: provision of work for another Contractor

Scope/Cost Allocation

Service Description

Site Training Services provides training facility, curriculum, and training delivery services to Federal, contractor, and subcontractor employees in support of the Hanford and PNNL missions consistent with the DOE, local, state, and Federal workforce training requirements.

- MSC shall provide Hanford Site workers (and PNNL, as requested) mandatory standardized training as listed below and optional training as requested to support maintaining a qualified workforce, develop the Annual Training Needs Forecast and Plan, and operate the HAMMER facility.
- MSC shall maintain the employee training records for training provided by MSC.
- MSC shall perform mask fit services for Hanford Site contractors.
- Hanford Site contractors shall provide training priorities, training needs, and input regarding standardized training programs.

Mandatory Standardized Training

1. Hazardous Waste Operations and Emergency Response (HAZWOPER) Training
2. Lockout/tagout of hazardous energy
3. Permit required confined space entry
4. Chronic Beryllium Disease Prevention Program (CBDPP-
5. Respiratory protection program
6. Hoisting and rigging
7. Fall protection
8. Electrical safety
9. Radiation Safety (e.g., Radiological Worker I and II and Radiological Control Technician training).
10. Criticality Safety
11. Hanford General Employee Training

Usage-Based Services

Site training services, including maintenance of employee training records for training provided by MSC and mask-fit services are usage-based services reimbursed by the user.

Direct-Funded Services

HAMMER base operations for the facility are at no cost to Hanford Site contractors for DOE-EM funded Work Scope.

Scope/Cost Allocation

Service Description

Property Systems/Acquisition & Materials Management consists of Site-wide processes and procedures for centralized personal property management functions, such as recycling of precious metals and processing equipment that is no longer needed through the excess property system. Tracking of all DOE-owned, contractor-managed property (site-wide) is accomplished by means of decentralized data entry into the primary property management site-wide database (Sunflower Asset Management System [SAMS]). The Program also manages the centralized storage and staging of equipment and inventory through the use of various on-Site warehouses.

- MSC shall provide a Site-wide Personal Property Systems and Materials Management Program that provides for tracking of accountable personal property, management of the property management database (Sunflower Asset Management System [SAMS], including providing Site-wide property management reports) and other related systems; central recycling; excess property dispositioning; and equipment transfers and loans.
- MSC shall manage the (on-site) “stores” inventory warehouses. As required, the MSC shall provide for delivery of inventory items to on-Site locations managed by other contractors. MSC shall manage the supply chain, and evaluate Site-wide demand, usage trends, and programmatic requirements to act as lead in the reduction of existing line item site inventory to the lowest achievable levels.\
- Hanford Site contractors deliver input to MSC to include warehouse requirement needs, Property Information Data Systems (PIDS) data, and Contractor Balanced Scorecard Report data; and deliver property no longer required.

Usage-Based Services

Hanford Site contractors bear costs associated with delivery of excess materials to the central recycling and turn-over of excess property for disposition.

Direct-Funded Services

MSC bears the cost burden of program administration. Hanford Site contractors bear internal implementation costs.

ATTACHMENT 6: ADVANCED AGREEMENT – PROCEDURES FOR CHARGING COSTS TO WORKFORCE RESTRUCTURING**Advance Agreement
Procedures for Charging Costs Related to Workforce Restructuring**

Pursuant to FAR 31.109, "Advanced Agreements," Advance Technologies and Laboratories International, Inc. (ATL) and the United States of America, represented by the Department of Energy (the Government) enter into this Advance Agreement (Agreement) on the 15th day of June 2011. This Agreement will be incorporated into Section J of the contract (Contract DE-AC27-10RV15051) when signed.

REFERENCES

- FAR 31.109 – Advance Agreements
- FAR 31.205-6(g)(5) – Abnormal or mass severance pay
- Request for Voluntary Reduction in Force (ATL-2011-040, dated March 3, 2011)
- Hanford Site Workforce Restructuring Plan (as amended May 21, 2002)
- Contract DE-AC27-10RV15051

SCOPE

ATL expects to incur significant severance pay costs of an unusual and non-recurring nature on Contract DE-AC27-10RV15051 due to a Department of Energy approved workforce-restructuring plan that reduces the number of personnel that can charge to the contract.

Severance pay is a payment to workers whose employment is being involuntarily terminated. Severance pay is allowable under Government contracts when it is required by law, employer-employee agreement, established policy that constitutes, in effect, an implied agreement on the contractor's part or circumstances of the particular employment (FAR 31.205-6(g)). ATL's request and the Government's Hanford Site Workforce Restructuring Plan satisfy the allowability criteria of this cost principle.

ATL has not accrued any costs associated with these required severance payments in its indirect pools and books. Abnormal or mass severance pay is of such a conjectural nature that accruals for this purpose are not allowable. However, the Government recognizes its obligation to participate, to the extent of its fair share, in any specific payment. Thus, the Government will consider allowability on a case-by-case basis (FAR 31.205-6(g) (5)).

The sum of severance payments (including applicable taxes) is estimated not to exceed \$700,000.

METHODOLOGY

It is agreed that severance payments along with applicable FICA, FUTA, and SUTA taxes (and any other directly associated costs) shall be charged directly to Contract DE-AC27-10RV15051 in the accounting period when the obligation to make such payments arises. It is further agreed that no indirect costs shall be allocated to these amounts. Finally, it is agreed that due to the abnormal and non-recurring nature of these costs that the costs will not be a factor in developing forecasted or final indirect expense

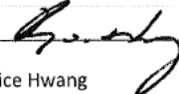

**Advance Agreement
Procedures for Charging Costs Related to Workforce Restructuring**

DURATION

This Agreement is effective from February 8, 2011 through the duration of the base period of the contract (Contract DE-AC27-10RV15051) on January 2, 2012.

DEFINITIONS

Award Fee. The subjective fee component of Performance Fee.

Expected Performance Level. Meets agreed upon requirements and performance objectives.

Fee Determination Official. The final authority in determination of fee awarded to ATL.

Office of River Protection (ORP). ORP is a Field Office under the Environmental Management headquarters organization.

Performance Evaluation Board. For the purpose of this PEMP, designated ORP managers are chartered with recommending ATL earned fee to the Fee Determination Official (FDO).

Performance Evaluation and Measurement Plan. A plan that defines an approach in evaluating, documenting, and providing performance fee against specified Performance Based Incentives and Award Fee Incentives.

Performance Evaluation Period. The specific period for which the Performance Evaluation Board evaluates contractor’s overall performance: January 1 through December 31.

Performance Fee. That portion of the total available fee which is tied exclusively to the contractor’s performance of the contract. The performance fee amount will consist of an incentive fee component for objective performance requirements and an award fee component for subjective performance requirements, or both.

Performance Incentive. A performance incentive represents a reward or consequences that may be employed to motivate a contractor to achieve baseline or higher levels of performance of a requirement. In most instances, the incentive represents an amount of fee tied to the accomplishment of a performance objective.

Performance Measure. The quantitative method for characterizing performance.

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

Performance Evaluation Monitor. Designated by the Performance Evaluation Board as responsible individuals monitoring and evaluating the contractor’s performance.

Performance Objective. A statement of desired results from an organization or activity.

Provisional Payment of Fee. Any payments paid on a provisional basis may be reclaimed.

Special Emphasis Area. An area that is extremely important to ORP.

A. INTRODUCTION:

This Performance Evaluation and Measurement Plan (PEMP) defines the Office of River Protection’s (ORP) approach in evaluating, documenting, and providing performance fee to Advanced Technologies & Laboratories International, Inc. (ATL), in the execution of requirements defined in Contract DE-AC27-10RV15051. This PEMP is for the fifth year of the contract CLIN 5 period of performance from January 1, 2014, through December 31, 2014.

1. PEMP Objectives

- a. Provide ORP with a mechanism to achieve its highest priority objectives;
- b. Provide incentive to ATL to accomplish ORP’s management and program objectives through the establishment of critical performance objectives and measures;
- c. Reward ATL with fee commensurate with the achievement of the specific ORP performance requirements;
- d. Create an administratively efficient process to assess ATL performance;
- e. Provide a fair and reasonable basis for determining the amount of fee earned; and
- f. Create a process that ensures ATL work efforts are executed in a manner that provides high value and high quality deliverables to ORP.

2. Fee Concept

Performance-based management contracting principles emphasize results-oriented work statements, and performance objectives and measures to incentivize contractors to achieve excellent performance. ORP implements performance-based management contracting principles through processes associated with *Budget Formulation, Budget Execution, and Performance Evaluation*.

ATL is responsible for performing the Analytical Services function of receiving, handling,

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

analyzing, storing and report on samples obtained from Hanford contractors. These functions are performed at the 222-S Laboratory complex located in the 200 West Area of Hanford. These services support cleanup and closure goals of all Hanford projects. This work is performed using facilities and infrastructure which are owned by DOE and maintained by DOE's Tank Operations Contractor (TOC). Because of the nature of this work, ORP utilizes performance fee to incentivize and reward ATL for performance. Performance fee consists of two components: an incentive fee component which provides management focus and emphasis on ORP's critical few program objectives and an award fee component which provides management focus on all other aspects of ATL's performance such as overall program, current importance to the overall performance of the contract, their potential for being problem areas, and/or current degree of concern for performance.

a. Performance Based Incentive (PBI)

The PBI performance measures and fee measures are delineated in Attachment 1 of this PEMP. Emphasis will be placed on development of objective incentives based on definition of the desired outcome (the "what") and expect the contractor to compliantly and safely determine "how" the work is performed to achieve the desired outcome within the established funding constraints. These incentives are identified as PBIs and typically carry more performance risk and higher fee earning opportunities.

b. Award Fee Special Emphasis Area (SEA) Incentives

The SEA performance objectives and measures are delineated in Attachment 1 of the PEMP. In certain instances, the contractor must provide support and/or deliverables that are required to accomplish the project objectives but are not objectively measurable in all cases. These efforts are therefore measured subjectively under incentives identified as SEAs and typically carry reduced performance risk and moderate fee earning opportunities and the FDO may use discretionary factors in determining fee. Consideration will also be given to complete and accurate technical information/products delivered in mutually agreed time frames that meet all applicable codes, standards, rules, regulations and orders.

B. REFERENCES. U.S. Department of Energy Office of River Protection Contract with ATL for Analytical Services; Contract DE-AC27-10RV15051.

C. ROLES AND RESPONSIBILITIES The effectiveness of this PEMP requires the establishment of a close working relationship between ORP, and ATL because all entities are responsible for successful implementation of the plan and successful completion of ORP's significant management and program objectives. The roles and responsibilities of the key personnel are as follows:

1. Fee Determination Official: Office of River Protection Manager

The FDO will: 1) appoint the PEB Chair; 2) review the recommendation of the PEB, consider all pertinent data, determine the amount of Award Fee earned during each

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

evaluation period and issue the determination in accordance with B.4 Final Fee Determination; 3) notify the Contractor of performance strengths, areas for improvement, and future expectations; 4) issue and approve the PEMP on an annual basis in accordance with Section B.4 of the Contract as well as any significant changes thereto; 5) ensure that the Award Fee and Contract Incentives process is managed consistent with applicable acquisition regulations, and 6) ensure that the Award Fee process meets the overall LAS&T business objectives.

2. Performance Evaluation Board:

- Tank Farms Project Assistant Manager, Chair
- Technical and Regulatory Support Assistant Manager
- LAS&T Contract Specialist
- LAS&T Performance Evaluation Program Manager
- LAS&T Contracting Officer

The PEB reviews the PEM evaluations of Contractor performance, considers the Contractor's self-assessment if submitted, considers all information from pertinent sources, prepares draft and final performance reports, and arrives at an earned award fee recommendation to be presented to the FDO. The PEB may also recommend changes to the PEMP.

3. Performance Evaluation Board Chair:

The Chair may assign or reassign Performance Evaluation Monitors at any time without advance notice to the Contractor. The Chair will: 1) review the performance monitors' evaluations and consider the Contractor's self-assessment; 2) analyze the Contractor's performance against the criteria set forth in the PEMP; 3) provide periodic interim performance feedback to the Contractor via the CO; 4) recommend any changes to the PEMP and obtain the FDO's concurrence on the recommended fee determination.

4. LAS&T Performance Evaluation Program Manager:

The Performance Evaluation Program Manager is responsible for coordinating the administrative actions required by the PEMs, the PEB and the FDO, including: 1) receipt, processing, and distribution of evaluation reports from all required sources; 2) scheduling and assisting with internal evaluation milestones, such as briefings; 3) prepare the fee determination recommendation report documenting the recommendation on the award fee; and 4) accomplishing other actions required to ensure the smooth operation of the award fee process.

5. Performance Evaluation Monitors:

PEMs may be drawn as needed from the following positions or others as deemed necessary by the PEB Chair:

- Director, Contracts & Property Management

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
 ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

- Director, Tank Farm Programs Division
- Director, Environmental Compliance Division
- Quality Assurance Team Lead
- LAS&T Contract Specialist
- ORP Organizational Property Management Officer
- Tank Farms Project Controls Officer
- LAS&T Program Manager

The PEMs will: 1) monitor, evaluate, and assess Contractor performance in their assigned areas; 2) periodically prepare a Contractor Performance Monitor Report (CPMR) for the PEB; 3) recommend any needed changes to the PEMP for consideration by the PEB and FDO; and 4) maintain a performance dialogue with ATL Performance Measure owners throughout the evaluation period.

D. METHOD FOR DETERMINING PERFORMANCE FEE

Deliverables Timeline

Activity	Deliverable Due Date
ATL Self Assessment	10 calendar days after completion of Award Fee Period
DOE Independent Assessment to PEM	20 calendar days after completion of Award Fee Period
PEM consolidation of Performance Monitor Evaluation Reports	Approximately 30 calendar days after completion of Award Fee Period
PEB review, validate and submit fee recommendation to FDO	Approximately 60 calendar days after completion of Award Fee Period
FDO determination of fee	Approximately 70 calendar days after completion of Award Fee Period

1. Communication with ATL during the Evaluation Period

One important consideration for evaluation will be discussions between the PEM and their ATL counterpart. It is a management expectation that PEMs meet with their ATL counterpart at least monthly to review, discuss, and provide interface on ATL’s performance against the performance-based and award fee incentives and overall contract performance.

Regular communication with ATL at the PEM level will contribute to the success of the fee process. PEM should discuss performance which may not currently meet performance objectives and measures, and thereby keep ATL informed as to achievements and deficiencies that may appear in the final evaluation for the period. ORP established an OPR Monthly Project Review that provides interface between ORP and ATL.

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

2. ATL Self Assessment

ATL shall provide the ORP Contracting Officer and the ORP LAS&T Performance Evaluation Program Manager with an electronic copy of the ATL self-assessment within ten (10) working days upon completion of the performance evaluation period.

ATL shall identify issues potentially affecting the completion of individual PBIs and SEAs and the overall success of the program, and actions taken or recommended to resolve those issues. ATL's self-assessment shall propose and justify the amount of performance based incentive and award fee earned, and include a discussion of fee reductions warranted by any failure to meet performance expectation. In the event the contractor self-discloses a situation that falls within the support of a special emphasis area, and appropriately self-corrects the situation in a timely manner, fee reduction may be waived by the CO. The timeliness and effectiveness of the contractor's corrective action may also mitigate fee reductions for deficiencies identified by ORP or other regulatory entities.

3. ORP Assessment

ORP Performance Monitors shall prepare and submit to the ORP LAS&T Performance Evaluation Program Manager, an independent assessment of ATL's performance within 20 calendar days after the end of an award fee evaluation period. The ORP Performance Monitor shall consider ATL's input with respect to completing the PBI and SEA performance criteria and with respect to the quality. Where significant disagreement exists between ATL's self-assessment and ORP's assessment, the responsible ORP Performance Monitor shall raise such disagreements to the PEB for resolution. ATL may be requested to attend a Board meeting to assure their view is understood.

The ORP LAS&T Performance Evaluation Program Manager will consolidate ORP Performance Monitor Evaluation Reports and submit a written evaluation report to the PEB members for approval.

4. Performance Evaluation Process

- a. Within ten (10) working days upon completion of the end of an award evaluation period, ATL shall provide the ORP Contracting Officer and the ORP LAS&T Performance Evaluation Program Manager with an electronic copy of the ATL self-assessment. The self-assessment provided shall provide an assessment of their performance in the completion of a PBI and award fee performance objectives and measures. The ORP LAS&T Performance Evaluation Program Manager is responsible for distribution of the ATL self-assessment to ORP PEMs.
- b. Within twenty (20) calendar days upon the end of an award fee evaluation period, ORP PEMs will prepare and submit an independent assessment of ATL's performance, with

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

respect to quality and schedule, against the performance objectives and measures to the ORP LAS&T Performance Evaluation Program Manager for consolidation. The ORP PEM shall consider ATL's input with respect to payments of fee. Where significant disagreement exists between ATL's self-assessment and ORP's assessment, the responsible PEM shall raise such disagreements to the PEB for resolution. ATL may be requested to attend a Board meeting to assure their view is understood.

The ORP assessment must be submitted on the Performance Monitor Evaluation Report form, Attachment 2 of the Plan, and will only be accepted by the ORP Procurement Division upon the approval of the ORP Performance Monitor.

- c. Within approximately thirty (30) calendar days after the end of an award fee evaluation period, the ORP LAS&T Performance Evaluation Program Manager will consolidate Performance Monitor Evaluation Reports and submit to the PEB members for review.
 - d. Within approximately sixty (60) calendar days after the end of an award fee evaluation period, the PEB will review, validate, and prepare an evaluation report and submit a fee recommendation to the FDO.
 - e. Within seventy (70) calendar days after the end of an award fee evaluation period or 60 calendar days after receipt of contractor's self-assessment for award fee (whichever is later), the FDO will make a determination of the fee earned.
5. Evaluation and Discussion Documentation

Where meetings or discussions are held by the PEM (with ATL, HQ, or others) that significantly impact award fee evaluations, it is necessary that appropriate documentation be created. This documentation can be in the form of signed and dated notes, minutes, or correspondence. Copies of the PEM documentation should be maintained by the PEM in support of the Performance Evaluation Report.

Rationale for fee payments will be documented by the Performance Evaluation Board and the fee determination official. The final PEB Fee Recommendation and FDO Fee Determination reports along with supporting rationale will be maintained by the ORP Acquisition Management Division organization in the official "contract file".

E. PEB INVOLVEMENT IN FINAL EVALUATIONS

The PEB is responsible for reviewing the Performance Evaluation Reports and developing a Fee Recommendation Report to the FDO. The Chair, PEB, will provide updates and feedback to the FDO prior to receiving the PEB's final signed fee recommendation report.

F. FDO RESPONSIBILITIES IN FINAL EVALUATIONS

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

Based on the FDO’s personal knowledge, the information contained in ATL’s self-assessment, the PEB Fee Recommendation Report, and/or other information relating to ATL’s performance of the contract requirements, the FDO develops a determination on the evaluation and award fee.

G. METHOD FOR CHANGING PLAN COVERAGE

Proposed changes to the PEMP are approved by the FDO. They may be initiated by ORP or ATL. Proposed changes to the PEMP must be initiated on the official PEMP Change Form (Attachment 3). The respective Performance Monitor will review and concur on proposed changes prior to any changes being made to the PEMP.

PBI 2 - Evaluations/Proficiency Tests	25%	\$223,862
PBI 3 - Maintain Holding Times	25%	\$223,862
Total PBI Fee Available	75%	\$671,586

DOE will evaluate performance in each of Performance Based Incentives areas using the Performance Measures and Targets for each the PBIs. The Performance Targets are considered necessary to achieve the Performance Objective stated in the PBI. The evaluation will assign the percent of available fee earned to each PBI based on the contractor’s performance against the Performance Targets. The percent of available fee earned will match the performance target assigned to each PBI.

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
 ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. -CONTRACT DE-AC27-10RV15051

PBI -1	On-Time Delivery	Due Date: 12/31/2014
		Value (%): 25%
		Value (\$): \$223,862
Performance Objective	ATL will provide at a minimum 85% on-time delivery of analytical deliverables received by the laboratory during this evaluation period.	
Performance Measures	This PBI will be measured by dividing the number of on-time analytical deliverables by the total number of analytical deliverables received by the laboratory during this evaluation period.	
Performance Target	Total available fee will be paid as follows: On-Time Delivery % $\geq 95\%$ = 100% of Fee On-Time Delivery % $\geq 90\% < 95\%$ = 90% of Fee On-Time Delivery % $\geq 85\% < 90\%$ = 80% of Fee On-Time Delivery % $< 85\%$ = 0% of Fee	

PBI -2	Evaluations/Proficiency Tests	Due Date: 12/31/2014
		Value (%): 25%
		Value (\$): \$223,862
Performance Objective	ATL shall maintain an overall average score of at least 85% for annual proficiency tests performed during the evaluation period.	
Performance Measure	This PBI will be measured by the percent of acceptable performance evaluation results of the total number of performance evaluation analyses performed.	
Performance Target	Total available fee will be paid as follows: Overall Average Score % $\geq 95\%$ = 100% of Fee Overall Average Score % $\geq 90\% < 95\%$ = 90% of Fee Overall Average Score % $\geq 85\% < 90\%$ = 80% of Fee Overall Average Score % $< 85\%$ = 0% of Fee	

PBI -3	Maintain Holding Times	Due Date: 12/31/2014
		Value (%): 25%
		Value (\$): \$223,862
Performance Objective	ATL will maintain holding time (i.e, the time that a sample remains viable for analysis) performance at greater than or equal to 85% of all samples received during this evaluation period.	
Performance Measure	This PBI will be measured by dividing the number of holding times met by the total number of samples received by the laboratory during this evaluation period.	
Performance Target	Total available fee will be paid as follows: Holding Time Met % $\geq 95\%$ = 100% of Fee Holding Time Met % $\geq 90\% < 95\%$ = 90% of Fee Holding Time Met % $\geq 85\% < 90\%$ = 80% of Fee	

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN

Total SEA Fee Available	25%	\$223,862

DOE will evaluate and measure performance in each of the Special Emphasis Areas 1 through 3, using the Performance Targets for each Special Emphasis Area. The Performance Targets are considered necessary to achieve the Performance Objective stated in the Special Emphasis Area. The evaluation will assign a Numerical Rating of 0 to 100, and corresponding Adjectival Rating, to each Special Emphasis Area. The Percent of Available Fee Earned awarded to that Special Emphasis Area will match the Numerical Rating (e.g., a Numerical Rating of 71 is awarded 71% for that Element). The Numerical and Adjectival Ratings will be based upon DOE’s evaluation of the extent to which Contractor performance on that Special Emphasis Area favorably contributed toward achieving the desired outcome. See table on following page for definitions of adjectival ratings.

Each Special Emphasis Area has indicators and guidelines that are important performance considerations; however, DOE may consider any pertinent performance information related to that Special Emphasis Area.

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
 ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

Award Fee Special Emphasis Area – Ratings and Definitions Chart

Assigned Numerical Rating	Adjectival Rating <i>(corresponding to Numerical Rating)</i>	Definition	Percentage of Award Fee Earned*
91 to 100	Excellent	Contractor has exceeded almost all of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.	91% to 100%
76 to 90	Very Good	Contractor has exceeded many of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.	76% to 90%
51 to 75	Good	Contractor has exceeded some of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.	51% to 75%
≤ 50	Satisfactory	Contractor has met overall cost, schedule, and technical performance requirements of the contract as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.	≤ 50%
0	Unsatisfactory	Contractor has failed to meet overall cost, schedule, and technical performance requirements of the contract as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.	0%

DOE OFFICE OF RIVER PROTECTION PERFORMANCE EVALUATION AND MEASUREMENT PLAN
 ADVANCED TECHNOLOGIES & LABORATORIES INTERNATIONAL, INC. –CONTRACT DE-AC27-10RV15051

SEA - 1	Cost and Schedule Management	Due Date: 12/31/2014
		Value (%): 10%
		Value (\$): 89,545
Performance Objective	ATL will demonstrate sound cost and schedule management	
Performance Target	ATL's performance will measured utilizing at the minimum the following award fee evaluation criteria: <ul style="list-style-type: none"> • Cost and Schedule Integrity – Identify and implement cost improvement initiatives. Provide and maintain accurate schedules of work performed and associated costs. • Contractor shall project, budget, monitor, adjust and control cost aspects that are associated with the 222-S Laboratory Analytical Services and Testing (LAS&T) contract. • Schedule – Promptness of delivery, reaction time and appropriateness of response to changes, recovery from delays, response to emergencies and other unexpected situations. 	

SEA - 2	Analytical Performance and Data Quality	Due Date: 12/31/2014
		Value (%): 10%
		Value (\$): \$89,545
Performance Objective	ATL will be evaluated on the overall analytical performance and data quality of deliverables utilizing the existing quality assurance and quality control plan.	
Performance Target	ATL's performance will measured utilizing at the minimum the following award fee evaluation criteria: <ul style="list-style-type: none"> • Quality of final reporting data; measured by issues identified through review comment records, client complaints, requests for revised or corrected reports, and performance evaluation samples • Document the number and categorize the seriousness of data quality issues associated with analytical data and resolve in a timely manner which meets clients' needs • Maintain acceptable sample archival and sample preservation as required • Ensuring that existing and functional Government-provided instruments are properly calibrated and ready to perform analytical work scope • Maintain and satisfactorily implement a QA program compliant

PERFORMANCE MONITOR EVALUATION REPORT FORM

I. EVALUATION PERIOD: _____

II. DOE PERFORMANCE MONITOR:

Signature: _____ Date: _____

III. PERFORMANCE BASED INCENTIVIES (PBI) EVALUATIONS:

PBI # _____ **Recommended Fee Earned** _____

Discussion:

IV. EVALUATION OF AWARD FEE SPECIAL EMPHASIS AREAS:

SEA # _____ **Adjective Rating** _____

Discussion:

Discussion summaries should describe the method used to evaluate timeliness, quality and completion of performance objectives/measures; clarifying remarks regarding the timeliness and sufficiency of the products/activities against defined performance objectives/measures; identification of significant deviations; rationale for recommended fee payment/rating (if necessary, provide computations); and mitigating factors, if any, that were considered in determining the amount of fee.

Areas to consider:

1. Contractor monthly performance indicator results including positive or negative trends.
2. Management reviews and reports including the new monthly reviews.
3. Contractor's self-assessment report.
4. DOE independent and program assessments.
5. Issues and corrective action of issues
