

100 D/H Proposed Plan

- Public involvement suggestions in preparation for upcoming public comment period/meetings:
  - Online presentation
  - Highlight changes within alternatives
  - Present history of site and actions (reactors) and future actions (Orchard Lands)
- Address comment period timing at February 2016 PIC meeting
- Revisit previous advice on 100 D/H (HAB Advice #278)
- HAB will pursue advice. Issue managers will begin drafting in preparation for January RAP, committee members will discuss at January committee meeting. Target for HAB adoption will be February 2016.
- Issue managers: Dale E., Gary G., Susan L., and Liz M.
