

PIC Committee 3-Month Work Plan

Updated 03/05/14 during PIC meeting

March

HAB Self-Assessments

- Round robin of particularly noteworthy activities since Dec 2013

State of Site Meetings

- Update on SOS plans – agenda, format, topics, draft outreach materials, etc.

RCRA permit modifications

- Update and identify any PIC follow-up
- High-level process overview

Committee Progress

- Check-in on 6-month committee accomplishments
- Thoughts from committee leadership on path forward
- HAB Work Plan FY2015 brainstorming
- Update 3-month committee work plan

Committee Business

- Confirm Committee Leadership selection and nomination
- Strategic Public Involvement: Tool Time Survey (Poll reminder; follow-up from Dec PIC mtg)

ERDF Proposed Plan ROD Amendment

- Update on public comment period
- Tentative March timeframe

April

HAB Self-Assessments

- Announcement of particularly noteworthy activities

Public Understanding of...

- Involving an informed public on issues like cleanup levels, waste streams and classifications, risk, budget, etc.
- Check in with John Howieson & other issue managers on the tank waste classification FAQs (*next step: Ken & Liz to set-up IM call*)

Air Operating Permit

- Follow-up on outstanding questions from Sept 2013 webinar (e.g. what is included in permit)

TPA Public Involvement Survey

- Update on recent survey
- Results – how many people responded
- What follow-up action will the Tri-Party agencies take?

May

RAD Primer (placeholder)

- How workers are protected from exposure?
- HSEP lead

100-F Area Proposed Plan

- Update from agencies on timing/public comment in May?
- Part of discussion at RAP meeting to identify if public meetings needed, what they would include, when they might occur
- Continue discussion of potential policy-level topics
- Wait and see what RAP does (coming out in May) – identify policy-level issues; what should agencies be paying attention to
- May/June timeframe better for providing input
