

Revised Draft RCRA Permit Public Workshop AGENDA (revised March 6, 2012)

May 3, 2012

9:00 a.m. – 4:00 p.m.

LOCATION: WA Department of Ecology Offices

WORKSHOP OBJECTIVES

Enable participants to identify:

- Why there is a Dangerous Waste Permit for the Hanford site.
- HAB concerns and values related to the draft permit and possible advice points.

Attendees: HAB members and members of the public

Please read: [Frequently Asked Questions](#) about the RCRA permit found on [Ecology's website](#)

9:00-9:30 am	Welcome, Agenda, Housekeeping	Welcome: Susan Leckband Agenda review: Facilitator Review of related HAB advice: Susan Leckband
9:30-10:15 am	Overarching Permit Information <ul style="list-style-type: none">• State's authority to make DOE clean up Hanford (regulations, etc.)• Permit Organization (Brief explanations of different Parts (I-VI) of the permit with handouts of written explanations and flow charts) & where to find it on Ecology's Nuclear Waste Program website.• SEPA Determinations:<ul style="list-style-type: none">○ relationship to the permit decisions○ where they are found• CERCLA Integration: when/where/and how cleanup actions under CERCLA are to be integrated into the RCRA permit via the TPA Milestones.• Risk Budget Tool & its application: use IDF as an example	Ron Skinnarland Ecology Staff
10:15-10:45	Public Involvement Opportunities in: <ul style="list-style-type: none">• the decision-making process for the Site-Wide Permit rev.9• permitting decisions – ex: permit modifications, SEPA review• Public Meetings	Ecology Staff

Revised Draft RCRA Permit Public Workshop AGENDA (revised March 6, 2012)

10:45- 11:30 **Permit Units Gallery Tour** (39 units in 4 groupings-Operating, Closing, Post-Closing, Corrective Action) Ecology Permit Writers & HAB RCRA Permit IM members stationed by posters of the units

- Introduction to the Gallery of Units (Ecology)
- Tour of units walking around room and asking questions, and/or posting comments and questions using sticky notes

11:30-12:30 Lunch

12:30- 2:00 **Discussion of Perspectives/Issues of Concerns Pertinent to the Permit:** HAB members present their perspectives on pre-selected topics (e.g. one HAB member provides a perspective on a pre-selected issue), with interactive group discussion

- Groundwater
- Leaving Waste in Place
- Institutional Controls
- Stringent Cleanup Requirements
- Tank Waste Cleanup
- Emergency Management
- Public Involvement
- Adequate Supporting Documentation
- Offsite Waste

Break 2:15-2:30

2:30-4:00 p.m. **Continued Q&A/Discussion:**

- Include discussion of sticky note questions (similar to SW-2 Burial Grounds workshop)

4-4:30/5:00pm **Debrief, HAB next steps** HAB members & Ecology staff

Suggested Ecology Materials for Workshop:

- Big map of Hanford that shows groupings of units
- Permit discs
- FAQ sheets
- Baseball card packets or potentially several binders of the baseball cards for viewing along with display, like a tour guide

Revised Draft RCRA Permit Public Workshop AGENDA (revised March 6, 2012)

- Hard copy example of one unit's permit for each type of unit, including the fact sheet, the SEPA checklist, SEPA determination.
- Gallery of units displays with 'sticky notes' for questions
- Projector and laptop as needed (To show where information on the Permit may be found online, and support Ecology presentations)

Coffee/tea/snacks if possible (donations?)

Potential HAB Materials for Workshop:

- Distribute Before Workshop:
 - Hyperlinked doc to Permit information
 - Bulleted list from HAB folks working on the permit – areas of interest/concern
 - Relevant HAB advice
- Distribute At the Workshop:
 - Flow-charts – Jean's templates
 - Relevant HAB Advice

DRAFT
