Importance: High

Jennifer,

Attached is the statement of work (SOW) for which RL would like MSA to advise whether MSA has the capability to perform. Please provide a response to me by COB 5/2/2012. For technical questions and expected schedule, your technical staff may contact Colleen French at 373-5985.

For planning purposes: If MSA has the capability to perform the attached SOW, RL requests a Rough Order of Magnitude estimate for decision making within the next week. If RL decides to have MSA perform the scope, a change order will be executed to provide a Not-to-Exceed funding amount. A change proposal will be requested within 30 days from the date of authorization so that work can begin while the contract definitization process is on-going as some of the tasks are time critical. Please contact me if you have questions/suggestions.

Thanks.

Gigi
