STATEMENT OF WORK

The power for the 300 Area is currently provided through Department of Energy-Richland Operations Office (DOE-RL) by Washington Closure (WCH) and Mission Support Alliance (MSA). Pacific Northwest National Laboratory (PNNL) has received PNSO approval to pursue 300 Area electrical services for PNNL through the City of Richland (COR). PNNL is the project integrator for this effort and will be requesting WCH and MSA's various support to complete the project. PNSO and PNNL were directed by DOE-RL to establish IWO's for this support. Hence, we are requesting that an IWO is set up for both WCH and MSA to provide for their support in proceeding with the transition of the electric utility to the COR. We are expecting to have this complete by end of CY 2013. IWO's will be supplemented as required.
