I. Project Title:
CH2M Hill Plateau Remediation Co. - Routine Maintenance and Custodial Services
August 2013 to August 2014

II. Project Description and Location (including Time Period over which proposed action will occur and Project Dimensions - e.g., acres displaced/disturbed, excavation length/depth, area/location/number of buildings, etc.):

CH2M Hill Plateau Remediation Company (PRC) will conduct routine maintenance and custodial services on and near the Hanford Site in accordance with the categorical exclusion (CX) referenced in 10 CFR 1021, Appendix B, CX B1.3, "Routine Maintenance Services" and "Routine Custodial Services". PRC Projects include all those buildings and areas identified Sections J.12 and J.14 of the PRC Contract, DE-AC06-08RL14788.

Activities would include, but not be limited to:

* Custodial services to preserve facility appearance, working conditions, and sanitation such as cleaning, window washing, lawn moving, trash collection, painting & snow removal.
* Maintain buildings including structure repair, repair or replacement of retaining walls and other associated outdoor structures.
* Maintain waste management structures such as waste storage areas and basin covers including repair or replacement of outdoor structures and structural components.
* Maintain equipment and vehicles.
* Maintain and repair asbestos related structures.
* Performing pest and vegetation control activities in and adjacent to facilities.
* Perform surveillance and maintain surplus facilities.
* Repairing or replacing facility equipment such as lathes, mills, pumps, and presses.
* Repairing or replacing doors, windows, walls, ceilings and floors.
* Repairing or replacing high-efficiency particulate air (HEPA) filters.
* Servicing plumbing, electrical, communication, fire protection and other systems in and adjacent to facilities.
* Inspecting and treating utility poles.
* Repair and replacement of roofing.
* Repairing right-of-ways, roads, and parking areas including construction of temporary access to facilitate resurfacing, and scraping and grading of unpaved surfaces.
* Erosion control and soil stabilization measures such as reseeding, and re-vegetation.
* Repair and maintenance of transmission facilities, including conductors of the same voltage, poles, circuit breakers, transfers, capacitor, crossarms, insulators and downed transmission lines.
* Routine testing and calibration of facility components, subsystems, & portable equipment.
* Routine decontamination of the surfaces of equipment with rags and minor vacuuming.
* Removal of contaminated intact equipment, contaminated water, soil and other materials.
* Routine maintenance of heating, ventilation and air conditioning (HVAC) systems.
* Routine decontamination of equipment surfaces, basin covers, rooms, hot cells, or other interior or exterior building surfaces.

Prior to work, all locations will be evaluated to determine if ecological/biological or cultural reviews are needed.

III. Reviews (if applicable):

IV. Existing NEPA Documentation

Is the proposed action evaluated in a previous EA, EIS, or under CERCLA? 

YES NO

If "NO," proceed to Section V. If "YES," list EA, EIS, or CERCLA Document(s) Title and Number:

N/A

And then complete Section VI. Provide electronic copy of Initiator/ECO signed NRSF to DOE NCO for information only. DOE NCO signature is not required.

V. Categorical Exclusion

Does the proposed action fall within a class of actions that is listed in Appendices A or B to Subpart D of 10 CFR Part 1021? YES NO

Are there extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal? 

Is the proposal connected to other actions with potentially significant impacts or result in cumulatively significant impacts (not precluded by 40 CFR 1506.1 or 10 CFR 1021.211)?

List CX to be applied and complete Categorical Exclusion Integral Elements (where an action might fit within multiple CXs, use the CX that best fits the proposed action):

B1.3 Routine Maintenance and Custodial Services

Categorical Exclusion Integral Elements

Does the proposed action threaten a violation of applicable statutory, regulatory, or permit requirements for environmental, safety, or health, including DOE and/or Executive Orders? YES NO

Does the proposed action require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities?

Does the proposed action disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases?

Does the proposed action adversely affect environmentally sensitive resources?

Does the proposed action involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species such that the action is NOT contained or confined in a manner designed, operated, and conducted in accordance to applicable requirements to prevent unauthorized release into the environment?

If "NO" to all Categorical Exclusion Integral Elements questions above, complete Section VI, and provide to DOE NCO for final Approval/Determination and signature in Section VII.

If "YES" to any of the Categorical Exclusion Integral Elements questions above, contact DOE NCO for additional NEPA Review.
