Attention: Ms. Dorothy Riehle, Supervisor

**RE: Hanford Meteorological Station (HMS) FOIA Request**

Dear Ms. Riehle,

I am requesting the following information from the Hanford Meteorological Station (HMS) for the years 1970 through 1977:

**Hourly data which includes: wind speed, direction, temperature, dew-point temperature, and sea-level pressure, precipitation.**

I understand these data were available in (either TD2380 or TD9956) format for the period up to 1969, which we were able to gather previously. They should be in an ASCII data format. I'd like the data on either CD-ROM or DVD-ROM, not hard copies. I realize many of the station records will be incomplete.

Could you please contact me with a cost estimate and time estimate for processing this data request? I'd appreciate it very much if you could expedite this request.

You have my authorization to process this request for research etc., up to \$100. If further charges are required to complete this request, please contact my office.

Yours very truly,

  
Tom H. Foulds
