Dear Ms. Reeves:

HANFORD ADVISORY BOARD LETTER CONCERNING CONSOLIDATION OF PUBLIC INVOLVEMENT  
ACTIVITIES

Thank you for your letter regarding the Hanford Advisory Board's (HAB) recommendations for public involvement for Hanford Site Programs. I have directed the Office of External Affairs to initiate or continue to implement recommendations to the fullest extent possible.

Specifically, the Richland Operations Office is in the process of consolidating the Tank Waste Remediation System's public involvement activities that are anticipated through the next fiscal year.

Additionally, the Office of External Affairs has been actively working on developing innovative public involvement methods, such as public access televised meetings.

The Richland Operations Office will continue to work with the HAB Public Involvement Committee to seek advice on effective involvement of our Hanford stakeholders. If you have any questions, please contact Karen Randolph, of my staff, on (509) 376-7501.

Sincerely,

  
John D. Wagoner  
Manager
