Re: Proposed Permit Modification of the *Hanford Facility Resource Conservation and Recovery Act Permit, Dangerous Waste Portion, Revision 8C, for the Treatment, Storage, and Disposal of Dangerous Waste*, Part III, Operating Unit 5, 325 Hazardous Waste Treatment Units, WA7890008967

Dear Ladies and Gentlemen:

This letter transmits the proposed July 2014 permit modification to Part III, Operating Unit 5, 325 Hazardous Waste Treatment Units (HWTUs) of the *Hanford Facility Resource Conservation and Recovery Act Permit, Dangerous Waste Portion, Revision 8C, for the Treatment, Storage, and Disposal of Dangerous Waste*.

Mr. Kevin Smith and Ms. Stacy Charboneau, et al.
February 24, 2015

15-NWP-042

Washington Administrative Code 173-303-840(3)(d) requires a 45-day public review of the draft permit modification. The public review begins March 2, 2015, and ends April 17, 2015.

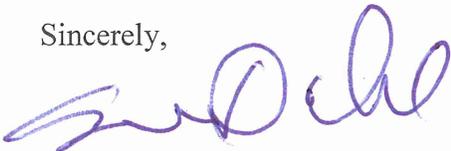

The proposed permit modification is on the enclosed DVD. Copies of this DVD are also available at the Hanford Public Information Repositories in Richland, Spokane, and Seattle, Washington and in Portland, Oregon. The Response to Comments document from the public comment period issued by USDOE-RL is available on the Ecology website at <https://fortress.wa.gov/ecy/publications/SummaryPages/1505002.html>.

This proposed permit modification would add three new Dangerous Waste Management Units (DWMUs) to the 325 HWTUs. This added space would enhance the capability to manage waste in larger containers, and provide needed space in order to package drum-quantity wastes for shipment and disposal. The three units to be added are the Cask Handling Area, the Truck Lock, and the 3714 Pad.

A Temporary Authorization (TA) and a TA reissuance have been approved to add and use these three new DWMUs during the public comment period per WAC 173-303-830(4)(e).

If there are any questions, contact Rick Bond at fbon461@ecy.wa.gov or 509-372-7885.

Sincerely,

Suzanne Dahl
Manager, Tank Waste Treatment Section
Nuclear Waste Program
