Under the Firm-Fixed-Price (with award fee provisions) portion of the contract, the contractor shall furnish all personnel, materials, supplies, services (except as expressly set forth in this contract as furnished by the Government) and otherwise do all things necessary for, or incident to, the performance of work described in Section C.2.1, Firm-Fixed Price Scope of the Performance Work Statement (PWS), including providing a “readiness to serve” level of staffing, and other sections of the contract not specifically identified as Cost Reimbursement or IDIQ scope.

**B.17 AWARD FEE FOR CLINS 001, 004, 007, 010 and 013**

- (a) For the basic term of the contract and options, there is no base fee amount. The determination of award fee shall be consistent with the Performance Evaluation and Measurement Plan (PEMP) (Section J, Attachment J-10). To earn award fee under the PEMP, the Contractor is required to provide superior occupational medical services beyond the minimum Contract requirements. The PEMP will be unilaterally established by the Government. Initial and subsequent PEMPs shall be provided to the Contractor not later than 30 calendar days prior to the start of the evaluation period(s).

- (b) The PEMP will set forth the evaluation period and the criteria upon which the Contractor will be evaluated for performance. Award Fee will not be used to incentivize the Contractor to meet contract expectations and requirements but will be used to incentivize exceptional performance.
- (c) The PEMP may be revised unilaterally by the Government at any time during the period of performance. Notification of such changes shall be provided to the Contractor 30 calendar days prior to the start of the period to which the change will apply.
- (d) Immediately upon final determination of the award fee for the annual evaluation period by the Fee Determining Official (FDO), the Contractor may invoice any fee amount due. Any unearned award fee from each evaluation period shall not be eligible to be earned in any future period(s).

#### **B.18 OBLIGATION OF FUNDS**

- (a) Pursuant to Section B.13 clause entitled "Limitation of Government's Obligation", the total amount of incremental funding allotted is **\$10,043,778.78** for CLINs 001, 004, 007, 010 and 013.
- (b) Pursuant to Section I clause entitled FAR 52.232-22 "Limitation of Funds", the total amount of incremental funding allotted is **\$3,973,905.73** for CLINs 002, 005, 008, 011 and 014.
- (c) The total amount of incremental funding allotted for the potential IDIQ scope (CLINs 003, 006, 009, 012 and 015) is not known until the IDIQ Task Orders are issued. Each IDIQ Task Order will be either fully funded or incrementally funded within the Task Order itself.

#### **B.19 LIMITATION OF GOVERNMENT'S OBLIGATION**

- (a) Funds are not presently available for performance under this contract beyond **7/15/2013**. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond **7/15/2013**, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.
- (b) For Firm Fixed Price CLINs 001, 004, 007, 010 and 013, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond

- that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).
- (c) The Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85% of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause. Further, once notified, the Contracting Officer will advise the contractor in writing whether or not it can continue work after the estimated date. Until the Contractor receives notification that it may continue work, there shall be no legal liability on the part of the government to pay for contract performance after the date of notification. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government".
- (d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (b) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraph (b) through (d) of this clause will apply in like manner to the additional allotted funds.
- (e) If, solely by reason of failure of the Government to allot additional funds in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract, and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."
- (f) The Government may at any time prior to termination allot additional funds for the performance of contract line item(s) 001, 004, 007, 010 and 013.
- (g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." This clause no longer applies once the contract is

fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

- (h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."
- (i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.
