

AdvanceMed Hanford

Improving your quality of care.

Worksite visits are an important part of a comprehensive, prevention-based occupational medicine program. The quality of healthcare provided to Hanford workers by AMH medical staff is improved through worksite visits.

AMH Medical Providers visit Hanford worksites on a regular basis to increase their familiarity with work activities and processes.

Worksite Visit Services

Contact AMH

AMH is here to help you stay healthy and safe. If you are interested in having AMH visit your worksite, please call:
