**SPAGHETTI FOR RELIEF:** Spent Nuclear Fuel Project employees in the 100K Area enjoy a Sept. 27 spaghetti-lunch fundraiser for the American Red Cross relief fund to aid the victims of terrorism. "I want to thank all those who donated their time and money for the feed," said organizer John Black. Including money from bake sales and other donations, the SNF team raised \$2,700 for the cause. "It was the most wonderful example of participation and camaraderie I've ever experienced out here," Black said.
