

HEHF's Annual Flu Immunization Clinics:

Coming in November to a location near you!

The Hanford Environmental Health Foundation will provide free influenza immunizations to Hanford Site employees from Nov. 5 through Dec. 6 at various locations on site. HEHF has provided the flu shots for more than 25 years. Since 1993 flu immunization clinics have been set up at on site to promote the prevention of illness and reach more employees.

This year, HEHF has 6,500 doses of the vaccine available on a first-come, first-served basis. Employees who receive shots can also pick up pocket-size clinic schedules from the 200 West Area and Hanford Square health care centers at that time.

The flu immunization clinic locations remain the same as last year, except for the 100N Area. An extended-hour clinic is planned for the 200 West and 100K Areas. Consult the schedule below for the dates and times of the clinic closest to you.

To receive an immunization at one of HEHF's clinics, you must:

- Be at least 18 years old
- Have a Hanford picture badge (sorry, no shots without one, *no exceptions*)
- Be prepared to provide your Hanford identification number.

You should *not* get a flu vaccination if you:

- Are ill and have a fever at the time of the clinics
- Have serious allergies to eggs
- Have ever been paralyzed by Guillain-Barre Syndrome
- Had a serious allergic reaction or other problem after getting a flu vaccination in the past.

HEHF will not administer the flu vaccine to pregnant women. If you are pregnant or think you may be pregnant, you must see your private physician or the local public health office for a flu vaccination.

For more information regarding flu vaccine, call the HEHF Flu Vaccine Hotline at 376-2507. ♦
