<http://energy.gov/diversity/office-economic-impact-and-diversity>

Office of Economic Impact and Diversity develops and executes Department-wide policies to implement applicable legislation and Executive Orders that strengthen diversity goals affecting equal employment opportunities, small and disadvantaged businesses, minority educational institutions, and historically underrepresented communities.

Their mission is to identify and implement ways of ensuring that minorities are afforded an opportunity to participate fully in the energy programs of the Department. We encourage partnership opportunities with Minority Serving Institutions (Historically Black Colleges and Universities, Hispanic Serving Institutions, Asian American, Native American, and Pacific Islander Institutions, and Tribal Colleges and Universities) and other minority-owned and serving entities on our mission-critical work.

The Department of Energy's Office of Small and Disadvantaged Business Utilization's mission is to manage the Department-wide Small Business Program and direct activities for the Department that facilitate and encourage small business set asides, 8(a) procurements, utilization of women-owned small businesses, and subcontracting to small business and small disadvantaged business concerns. This website helps small businesses:

1. Learn more about the Department of Energy's [Mentor-Protégé Program](#)
2. Review upcoming [forecast opportunities](#) (what a facility might buy based on requirements, not what they will buy)
3. Seek out potential funding opportunities.
