**EXHIBIT 2. ORGANIZATIONAL CONFLICT OF INTEREST
CERTIFICATION AND DISCLOSURE**

Rev. 2

4/14/06

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government or WRPS, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

It is WRPS's policy to avoid situations, which place an Offeror in a position wherein it may not be able to compete on an equal basis for WRPS-controlled work with other qualified Offerors. This representation, and the information disclosed thereby, will serve to advise WRPS whether or not an Offeror's judgment may be biased because of any past, present, or currently planned interest, financial or otherwise, the Offeror may have which relates to the work to be performed under a subcontract which may result from this solicitation, thus providing the Offeror an unfair competitive advantage over others. The term "Offeror" herein means the proposing entity or any of its affiliates or proposed consultants or subcontractors of any tier. Therefore:

Offeror shall provide WRPS a statement which describes in a concise manner, all relevant facts concerning any past, present, or currently planned interest (financial, contractual, organizational, or otherwise) relating to the work described in the statement of work of this solicitation. Offeror may also provide relevant facts that show how its organizational structure and/or management systems limit its knowledge of affiliates or other divisions or sections of the proposing entity and how that structure or system would avoid or mitigate an organizational conflict of interest. [See section 401, Pub. L. 95-39 (42 U.S.C. 5918(a)) and section 10, Pub. L. 95-70 (15 U.S.C. 789(a)) for specific requirements.]

Offeror shall assure that any consultants and/or subcontractors identified in its proposal which will perform part or all of any resulting subcontract submit the same information as required above, either as part of the Offeror's proposal or directly to WRPS, prior to the time and date set forth for the receipt of proposals, including identification of the solicitation number and the (Offeror's) proposal to which it relates.

Offeror shall assure that each of its chief officers or directors, if any, who will be directly involved in the actual performance of the subcontract, submit such information.

Offeror shall promptly provide to WRPS information concerning any changes, including additions, in its relevant facts reported, that occur between the time of submission of its proposal and the award of a subcontract or the time the Offeror is notified that it is no longer being considered for an award.

WRPS will review the information submitted and may require additional relevant information or certifications from the Offeror. All such information, and any other relevant information known to WRPS, will be used to determine whether an award to the Offeror may create an organizational conflict of interest with respect to the Offeror's (1) being able to render impartial, technically sound, and objective assistance or advice, or (2) being given an unfair competitive advantage. If WRPS determines a conflict exists which would require some action to mitigate an actual or potential conflict of interest that would otherwise represent an unacceptable risk to WRPS, it may, at its sole discretion: (1) impose appropriate terms or conditions necessary to avoid or mitigate the conflict, (2) disqualify the offer, or (3) proceed with an award despite the conflict.

Offeror refusal to submit the representation and/or to provide the disclosure or any additional information requested by WRPS may result in disqualification of the Offeror for an award. Misrepresentation of material facts or other reported information may also result in disqualification. If any such misrepresentation is discovered following award, WRPS may terminate the contract for default or seek other remedies including actions pursuant to 18 U.S.C. 1001.

Depending on the nature of the subcontract activities, Offeror may, because of the existence of possible organizational conflicts of interest, propose to exclude specific kinds of work from the statement of work contained in the original solicitation, unless the solicitation specifically prohibits such exclusion. Any proposed exclusion may be considered by WRPS in the evaluation of proposals, but may ultimately determine the proposal to be unacceptable.

No work shall be performed, and WRPS will not authorize work to begin, until representations and disclosure information has been evaluated. WRPS may also, at its option, permit missing representations or disclosure information to be provided by an Offeror at any time during the pre-award process.

In lieu of or in addition to the above and/or when requested by WRPS, Offeror shall provide a certification similar to the following, altered only to reflect the relevant facts:

CONFLICT OF INTEREST DISCLOSURE STATEMENT

I hereby certify that, to the best of my knowledge and belief, no facts exist relevant to any past, present, or currently planned interest or activity (financial, contractual, personal, organizational, or otherwise) that relate to the proposed work; and bear on whether I and the Offeror have a possible conflict of interest with respect to being able to render impartial, technically sound, and objective assistance or advice, or being given unfair competitive advantage.

9.3 Organizational Conflicts of Interest (DEAR 952.209-72) – Alternate 1 (Modified)

(a) Purpose. The purpose of this clause is to ensure that the SUBCONTRACTOR (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the SUBCONTRACTOR and any of its affiliates or their successors in interest (hereinafter collectively referred to as "SUBCONTRACTOR") in the activities covered by this clause as a subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity. For the

purpose of this clause, affiliation occurs when a business concern is controlled by or has the power to control another or when a third party has the power to control both.

(1) Use of SUBCONTRACTOR's Work Product.

(i) The SUBCONTRACTOR shall be ineligible to participate in any capacity in Department of Energy (DOE) subcontracts, subcontracts, or proposals therefore (solicited and unsolicited) which stem directly from the SUBCONTRACTOR's performance of work under this Subcontract for a period of five years after the completion of this Subcontract. Furthermore, unless so directed in writing by the WRPS Procurement Representative, the SUBCONTRACTOR shall not perform any advisory and assistance services work under this Subcontract on any of its products or services or the products or services of another firm if the SUBCONTRACTOR is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the SUBCONTRACTOR from competing for follow-on subcontracts for advisory and assistance services.

(ii) If, under this Subcontract, the SUBCONTRACTOR prepares a complete or essentially complete statement of work or specifications to be used in competitive acquisitions, the SUBCONTRACTOR shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The SUBCONTRACTOR shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the DOE contracting officer or the WRPS Procurement Specialist, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the SUBCONTRACTOR from offering or selling its standard and commercial items to the Government.

(2) Access to and use of information.

(i) If the SUBCONTRACTOR, in the performance of this Subcontract, obtains access to information, such as WRPS or DOE plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the SUBCONTRACTOR agrees that without prior written approval of the WRPS Procurement Specialist it shall not:

(A) use such information for any private purpose unless the information has been released or otherwise made available to the public;

(B) compete for work for WRPS or the DOE based on such information for a period of six (6) months after either the completion of this Subcontract or until such information is released or otherwise made available to the public, whichever is first;

(C) submit an unsolicited proposal to WRPS or the Government which is based on such information until one year after such information is released or otherwise made available to the public; and

(D) release such information unless such information has previously been released or otherwise made available to the public by the DOE.

(ii) In addition, the SUBCONTRACTOR agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this Subcontract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The SUBCONTRACTOR may use technical data it first produces under this Subcontract for its private purposes consistent with paragraphs (b)(2)(i) (A) and (D) of this clause and the patent, rights in data, and security provisions of this Subcontract.

(c) Disclosure after award. (1) The SUBCONTRACTOR agrees that, if changes, including additions, to the facts disclosed by it prior to award of this Subcontract, occur during the performance of this Subcontract, it shall make an immediate and full disclosure of such changes in writing to the WRPS Procurement Specialist. Such disclosure may include a description of any action which the SUBCONTRACTOR has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest. WRPS may, however, terminate the Subcontract for convenience if it deems such termination to be in the best interest of the Government. (2) In the event that the Subcontractor was aware of facts required to be disclosed or the existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest to the WRPS Procurement Specialist, WRPS may terminate this contract for default.

(d) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this Subcontract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, WRPS may terminate the Subcontract for default, disqualify the SUBCONTRACTOR from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this Subcontract.

(e) Waiver. Requests for waiver under this clause shall be directed in writing to the WRPS Procurement Specialist and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of WRPS and the Government, the WRPS Procurement Specialist may grant such a waiver in writing.

(f) (1) The SUBCONTRACTOR shall include a clause, substantially similar to this clause, including this paragraph (f), in subcontracts expected to exceed the simplified acquisition threshold determined in accordance with FAR Part 13 and involving the performance of advisory and assistance services as that term is defined at FAR 37.201. The terms "contract," "contractor," and "contracting officer" shall be appropriately modified to preserve the Government's rights.

(2) Prior to the award under this Subcontract of any such lower-tier subcontracts for advisory and assistance services, the SUBCONTRACTOR shall obtain from the proposed lower-tier subcontractor or consultant the disclosure required by DEAR 909.507-1, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the lower-tier subcontractor shall take

actions to avoid, neutralize, or mitigate the organizational conflict to the satisfaction of the SUBCONTRACTOR. If the conflict cannot be avoided or neutralized, the SUBCONTRACTOR must obtain the approval of the WRPS Procurement Specialist prior to entering into the lower-tier subcontract.
