Update on the Hanford Site Chronic Beryllium Disease Prevention Program (CBDPP)

Pete Garcia
Richland Operations Office
Hanford Advisory Board
Health, Safety and Environmental Protection Committee
January 12, 2012
Corrective Action Plan (CAP) Activities Update

• CAP supplement addressing new consensus process and high-priority Phase 1 products was approved by DOE-EM on September 26, 2011

• Update to CAP supplement addressing alternate approaches and lower priority Phase 2 and Phase 3 products was submitted to DOE-EM for approval on January 3, 2012
Alternative Approaches for Product Development

• Approach 1: Full Product Team, 60% and 90% facilitated presentations
• Approach 2: Incorporation into existing Product Team
• Approach 3: Small Team, facilitated 90% presentation
• Approach 4: Small Team, product briefing
BeCAP Performance Report

BeCAP Success Factors:
1. Best-in-class Beryllium Program
2. Consensus with BAG, HAMTC, Contractors & DOE
3. Produce deliverables on schedule

Upcoming Events:
Forecast Dates - 60% Presentations

Forecast Dates - 90% Presentations
Be Affected Worker Counseling Handbook

Products in Training Development and CBDPP Revision & Approval
Beryllium Work Permit
Building Assessment/Characterization/Verification Sampling
Postings

Products in Contractor Training and Implementation
Medical Clearance and Restriction Language-Communication Process Forms

Products Implemented in Field
Interim actions directed by RL/ORP
EJTA Interim Actions
**BeCAP Performance Report**

### BeCAP Success Factors
1. Best-in-class Beryllium Program
2. Consensus with BAG, HAMTC, Contractors & DOE
3. Produce deliverables on schedule

---

### Period Highlights/Accomplishments:
Products that have completed development through 90% consensus to date are as follows:

- Medical Referrals
- Medical Clearance & Restriction
- Beryllium Work Permit
- Postings
- Assessment/Characterization for Buildings
- Building Verification Sampling
- Be EJTA Requirements (including Interim Expectations Letter)

### Emerging Issues, Concerns & Needs:
- Contractual Activities
- Further clarification of R&Rs
- Further clarification of product implementation with HAMTC/BAG
- Issues related to Medical Removal Protection Benefits

---
