Subject: COVID-19 Vaccination Briefing Available

THE HANFORD SITE

February 23, 2021

TO: All Hanford Site Employees
FROM: HPMC Occupational Medical Services

SUBJECT: COVID-19 Vaccination Briefing Available

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

Dr. Gary Hurwitz, HPMC OMS Risk Communicator, invites you to join him for a Microsoft Teams briefing on COVID-19 vaccinations ([Click here for links to meeting dates and times](#)). An overview of the voluntary HPMC OMS vaccination process will be provided and there will be the opportunity for participants to ask questions about COVID-19 and the Moderna vaccine. At this time, HPMC OMS does not have any vaccines available for the workforce, but it continues to request vaccines from the Washington State Department of Health. If you want a vaccination, we encourage you to know what phase you are in by checking [Washington State Phase Finder](#), and get your vaccine when it is available.

A [PowerPoint presentation](#) on COVID-19 vaccination is available for downloading or streaming.

Dr. Hurwitz is also available to schedule focused briefings as requested for group audiences by sending a note to gary_l_hurwitz@rl.gov.

Thank you for continuing to take steps to protect yourself, your family, and your co-workers from COVID-19.
