Subject: HPMC Briefings on Vaccinations

THE HANFORD SITE

March 17, 2021

TO: All Hanford Site Employees

SUBJECT: HPMC Briefings on Vaccinations

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

Thank you for continuing to take steps to protect yourself, your family and your co-workers from COVID-19 by adhering to our site health and safety protocols.

In an effort to provide the opportunity to obtain current information regarding vaccines and the vaccination process, HPMC's Dr. Gary Hurwitz will give a [series of briefings](#) via Teams to explain more about COVID-19 vaccinations. The sessions will include a window for questions.

At the current time, HPMC has no vaccines available for the Hanford workforce. Vaccinations are available in the community and those wanting a vaccination can determine their eligibility with the Washington [Phase Finder](#) tool. If you are currently eligible and desire to be vaccinated, please monitor all sources and obtain the vaccination at your earliest opportunity.

In addition to the briefings mentioned above, Dr. Hurwitz has recorded a [streaming PowerPoint presentation](#) and will be available for group audiences by sending a note to gary_l_hurwitz@ri.gov.
