**Subject:** Update on COVID Guidance

## THE HANFORD SITE

---

May 18, 2021

**TO:** All Hanford Site Employees

**SUBJECT: Update on COVID Guidance**

**\*\*PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS\*\***

The health and safety of our Hanford teammates remains our top priority. Hanford leadership is currently evaluating the updated guidance released by the Centers for Disease Control and Prevention and from our Headquarters regarding fully vaccinated individuals in consideration of employee protections within our job hazard analysis process.

While revised guidance will be issued in the coming days, at this time, the Hanford Site continues to operate under the existing safety plan, leveraging protocols focused on preventing the spread of COVID-19, including using face masks, socially distancing, and continuing to maximize telework to the extent possible.

Leadership will continue to communicate with the Hanford workforce and will implement changes in a thorough, methodical and incremental manner

Thank you for your continued support and patience as we all navigate through changes associated with the COVID-19 pandemic.

Brian T. Vance  
Manager  
Richland Operations /  
Office of River Protection
