Subject: All Three COVID-19 Vaccines Now Available at HPMC OMS

THE HANFORD SITE

October 13, 2021

TO: All Hanford Site Employees
FROM: Dr. Karen Phillips, Site Occupational Medical Director

SUBJECT: All Three COVID-19 Vaccines Now Available at HPMC OMS

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

HPMC OMS now has available three types of COVID-19 vaccines including Johnson and Johnson's single dose, Pfizer's two-dose series and booster, and the Moderna two-dose series. All three are available for both walk-in and scheduled vaccination appointments. You may also be able to receive your COVID-19 vaccination at an HPMC OMS flu clinic. You should inquire at the flu clinic as to the type of COVID-19 vaccine available to be administered with your flu shot. For the second Moderna or Pfizer dose, Pfizer booster ([eligibility criteria](#)) or third Moderna dose ([if you are moderately or severely immunocompromised](#)) bring your COVID-19 vaccine card or [MyIR](#) COVID-19 Vaccine Certificate to receive your vaccination.

Visit [HPMC OMS' COVID-19 Resources and Updates](#) for links to the product fact sheets and vaccine consent forms. You can schedule your COVID-19 vaccination [here](#). For more information, attend Dr. Hurwitz's Wednesday [Vaccine Briefing](#) on Teams (with manager approval).

If you have questions or concerns regarding your unique medical needs, please talk with your personal medical provider.
