

Charge 1: Outreach Best Practices of the Tri-Party Agreement (TPA) Agencies

- 1. Topic specific briefings involving all three TPA agencies**
- 2. Opportunities for the public to talk with Hanford decision makers**
- 3. Soliciting input from the HAB re: meeting design/timing/location**
- 4. HAB input on public materials**
- 5. TPA Public Involvement Plan incorporated principles from HAB advice**
- 6. DOE/NRC interactions have shown good public process**

Charge 1: Hanford Improvement Opportunities

- 1. What is legally required is just the start - public involvement in shaping decisions is important to project success**
- 2. Increase efforts to engage and educate a wider and more diverse public**
- 3. Create space for collaborative problem solving**
- 4. Share how public input has shaped or influenced cleanup decisions**
- 5. Improve communication in intent and outcome of HAB advice**
- 6. Embrace and practice the principles of public involvement in HAB Advice**
 - a. Engage the public early and often**
 - b. Ensure open and transparent decision making**
 - c. Prepare future generations for informed engagement**

Top three suggestions for improving stakeholder interactions during the next 10 years

- 1. Commit to openness and transparency**
- 2. Engage early before policy level decisions to get stakeholder buy in on cleanup**
- 3. Get back in the Trust Zone – good collaborative process is a scaffold upon which trust is built**
