Subject: Updates to Visitor Badging and COVID-19 Requirements

THE HANFORD SITE

March 24, 2022

TO: All Hanford Site Employees
FROM: Central Badging Office

SUBJECT: Updates to Visitor Badging and COVID-19 Requirements

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

The OMB Certification of Vaccination form will no longer be required by visitors to the Hanford Site if the COVID-19 community level for Benton and Franklin Counties remains low. This direction aligns with recently updated COVID-19 safety requirements. If our community level increases to either medium or high, visitors will once again be required to provide the completed OMB form. If you are requesting a visitor badge, take note of the community level determination email each Friday, as a change could affect your visit.

As a reminder, when the community level is medium or high, the OMB form is required and must be provided to visitors by the host prior to submission of a badge request, and at the time of badging visitors must either attest to being fully vaccinated or provide proof of a negative COVID-19 test result (at their expense) taken within 72 hours prior to their planned visit to the Site.

If you have any questions, please contact Anthony Moore at (509) 372-1529 or Joel Elliott at (509) 376-1846.
