* Qualifications for the above-listed positions are defined in the H clause, Qualifications of Medical Personnel – Non-Key Personnel.		
CLIN = Contract Line Item Number                      DPLH = Direct Productive Labor Hours		

(1) Estimated Cost for each CR CLIN, is defined as the cost to perform the CLIN agreed to by the parties at contract inception, and may be revised by modifications to the contract in accordance with the contract terms. The exception is the IDIQ CLINs, for which cost will be negotiated under each task order.

(2) Total Contract Value is defined as the sum of the Total Base Period including Transition, Total Option Period 1, and Total Option Period 2 Estimated Cost and Price (IDIQ CLINs maximum value is broken out and included in each Period of Performance’s value).

**B.13 DOE-B-2013 Obligation of Funds (Oct 2014) (Revised)**

(a) Pursuant to Section B clause DOE-H-2074 entitled, *Limitation of Government’s Obligation-Separate Incremental Funding of Contract’s Fixed-Price for CLIN 0001 and Fixed-Price for CLIN 0002; and Separate Full Funding of the Fixed Priced of Portion of the Work for Which Funds have been*

*Allotted*, the total amount of incremental funding allotted is \$19,7510,880.71 for CLIN 0002, FFP Occupational Medical Services.

- (b) Pursuant to Section I clause FAR 52.232-22 entitled, *Limitation of Funds*, the total amount of incremental funding allotted is \$8,058,931.04 for CLIN 0003, CR Occupational Medical Support Services.
- (c) The total amount of incremental funding allotted for the potential IDIQ (CLINS 0004, 1004, and 2004) is not known until the IDIQ Task Orders are issued. Each IDIQ Task Order will be either fully funded or incrementally funded within the Task Order itself.
- (d) The total combined amount of incremental funding allotted to the Contract is \$27,810769,811.75 for CLIN 0002, FFP Occupational Medical Services, and CLIN 0003, CR Occupational Medical Support Services.

**B.14 DOE-H-2074 Limitation of Government's Obligation-Separate Incremental Funding of Contract's Fixed-Price for CLIN 0001 and Fixed-Price for CLIN 0002; and Separate Full Funding of the Fixed Priced of Portion of the Work for Which Funds have been Allotted (Oct 2014)**

- (a) This Contract's CLIN 0001, CLIN 0002, CLIN 1002, and CLIN 2002 contain FAR fixed-prices and contract terms and conditions, with the exceptions that CLIN 0001, CLIN 0002, CLIN 1002, and CLIN 2002 all may be incrementally funded; and if a CLIN is incrementally funded, in the event of termination before it is fully funded, the Government's maximum liability for the CLIN will be the lower of the amount of funds allotted to the CLIN or the amount payable to the Contractor per the Termination for Convenience (Fixed-Price) clause of this Contract. For each CLIN there is:
  - (1) A fixed-price for the action;
  - (2) A fixed amount of work that corresponds to the fixed-price;
  - (3) A planned funding schedule that corresponds to the fixed-price and the fixed amount of work;
  - (4) No Government obligation to the Contractor until the Government allots funds to the Contract for the action;
  - (5) If the Government allots funds, a maximum Government obligation, including any termination obligations, to the Contractor equal to the allotted funds; and
  - (6) An obligation that the Government will pay the Contractor for the work the Contractor performs for which funds were allotted based on the price of the work performed, not the costs the Contractor actually incurs.
- (b) For each CLIN:
  - (1) The Government's maximum obligation, including any termination obligations and obligations under change orders, equitable adjustments, or unilateral or bilateral contract modifications, at any time is always less than or equal to the total amount of funds allotted by the Government to the contract for the CLIN;
  - (2) The Contractor explicitly agrees it reflected (that is, included or could have included an additional amount) in its offered price and in the subsequent negotiated fixed-price for each of the fixed-price CLINs included in this contract:

- (i) The added complexity, challenges, and risks (including all risks, costs or otherwise, associated with termination as articulated in this clause) to which the Contractor is subject due to the incremental funding arrangement established in this clause; and
    - (ii) The specific risk that in the event of termination of an incrementally funded CLIN before the CLIN is fully funded, the Contractor could receive less than the Termination for Convenience (Fixed-Price) clause of this contract would allow, that is, because the maximum Government obligation for a fixed-price CLIN is the allotted funds for the CLIN, the Contractor will receive the lower of the allotted funds or what the Termination for Convenience (Fixed-Price) clause of this Contract would allow.
  - (3) The Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government, which is the price of the services the allotted funds cover, equals the total amount allotted to the contract for the services;
  - (4) If funds become available and the Government's need continues, the Government will allot funds periodically to the CLIN, the Contractor will provide a fixed amount of work for the funds allotted, and the Government will pay the Contractor based on the price of the fixed amount of work. The Government will not pay the Contractor based on the costs the Contractor incurs in performing the work; and
  - (5) The Contractor agrees to provide the fixed amount of work for the fixed-price identified, in Section B of this Contract, Supplies or Services and Prices/Costs, and in accordance with the delivery schedule identified in Section F of this Contract, Deliveries or Performance, provided the Government provides the funding per or earlier than the Planned Funding Schedule in paragraph (n) of this clause. At any time, the cumulative amount of funds allotted is the fixed-price for the cumulative fixed amount of work identified with the funds.
- (c) For each CLIN:
- (1) The fixed-price (of both the entire CLIN and of the current cumulative amount of funds allotted to the CLIN at any time during contract performance) is not subject to any adjustment on the basis of the Contractor's cost experience;
  - (2) The Contract places the maximum risk and full responsibility on the Contractor for all costs and resulting profit or loss; and
  - (3) If the Government meets the entire Planned Funding Schedule:
    - (i) The cumulative amount of funds allotted will equal the CLINs fixed-price; and
    - (ii) The Contractor must provide the work the Contract requires for the CLIN.
- (d) The fixed-price for each CLIN is listed in Section B of this Contract.
- (e) The Planned Funding Schedule for each CLIN is in paragraph (n) of this clause. The sum of the planned funding for each CLIN equals the fixed-price of the CLIN.
- (f) The Actual Funding Schedule for each CLIN is in paragraph (o) of this clause. It specifies the actual amount of funds allotted and presently available for payment by the Government separately for CLIN 0001, CLIN 0002, CLIN 1002, and CLIN 2002 and the work to be performed for the funds allotted.
- (1) The Contractor may bill against a CLIN only after the Government has allotted funds to the

CLIN and the Contractor has delivered the services and earned amounts payable for the CLIN.

- (i) The Contractor may bill only the lower of the two preceding amounts, that is, the lower of allotted funds or amount payable.
- (g) If during the course of this Contract the Government is allotting funds to a CLIN per or earlier than the Planned Funding Schedule, this Contract to that point will be considered a simple fixed-price contract for that CLIN regardless of the rate at which the Contractor is, or is not, earning amounts payable, and
- (1) The Government's and the Contractor's obligations under the contract for the CLIN, with the exception that the Government's obligation for the CLIN, is limited to the total amount of funds allotted by the Government to the CLIN and similarly the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted, will be as if the CLIN were both fixed-price and fully funded at time of Contract execution, that is, the Contractor agrees that: it will perform the work of the Contract for that CLIN; and neither the fixed-price for the CLIN nor any other term or condition of the Contract will be affected due to the CLINs being incrementally funded.
    - (i) The Contractor agrees, for example, if the Government allots funds to a CLIN per or earlier than all of the funding dates in the Planned Funding Schedule for the CLIN, the Government has met all of its obligations just as if the CLIN were fully funded as of the time of Contract execution and the Contractor retains all of its obligations as if the CLIN were fully funded as of the time of Contract execution, while at the same time the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted to the Contract; consequently, if the Contractor earns amounts payable at any time in performing work for the CLIN that exceed the total amount of funds allotted by the Government to the Contract for the CLIN.
      - (A) It (not the Government) will be liable for those excess amounts payable;
      - (B) It will remain liable for its obligations under every term or condition of the Contract; and
      - (C) If it fulfills all of its obligations for that CLIN and the Government allots funds to the CLIN equal to the CLIN's fixed-price, the Government will pay it the fixed-price for the CLIN and no more.
    - (ii) The Contractor also agrees, for example, if the Government allots funds to a CLIN by the first funding date in the Planned Funding Schedule, the Government has met all of its obligations up to that point in the Contract as if the CLIN were fully funded (that is, as if progress payments based on cost had been agreed to and had been made, or milestone payments had been agreed to and been made, etc.) and the Contractor retains all of its obligations up to that point (such as meeting delivery schedules, maintaining quality, etc.) as if the CLIN were fully funded; consequently, if the Government subsequently terminates the CLIN it will pay the Contractor the lower of the following two amounts: the amount allotted by the Government to the CLIN; or the amount payable per the Termination for Convenience (Fixed-Price) clause of this Contract.
- (h) The Contractor shall notify the CO in writing whenever it has reason to believe that the amount payable it expects to earn for the CLIN in the next 60 days, when added to all amounts payable previously earned, will exceed 75 percent of the total amount allotted to the CLIN by the Government.

- (1) The notification is for planning purposes only and does not change any obligation of either the Government or the Contractor.
  - (2) The Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted to the CLIN.
  - (3) The Government may require the Contractor to continue performance of that CLIN for as long as the Government allots funds for that CLIN sufficient to cover the amount payable for that CLIN.
- (i) If the Government does not allot funds to a CLIN per or earlier than its Planned Funding Schedule, the Contractor will be entitled to an equitable adjustment; and
- (1) The Government's maximum obligation, including any termination obligation, to reimburse the Contractor remains limited to the total amount of funds allotted by the Government to the Contract for that CLIN;
  - (2) The Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government, equals the total amount allotted to the Contract;
  - (3) If the Government subsequently terminates the CLIN, it will pay the Contractor the lower of the following two amounts: the total amount of funds allotted by the Government to the contract for the CLIN; or the amount payable per the Termination for Convenience (Fixed-Price) clause of this Contract.
- (j) Except as required by either other provisions of this Contract specifically citing and stated to be an exception to this clause, or by, among other things, terminations, change orders, equitable adjustments, or unilateral or bilateral contract modifications specifically citing and stated to be an exception to this clause, for either CLIN-
- (1) The Government is not obligated to reimburse the Contractor in excess of the total amount allotted by the Government to this Contract for the CLIN; and
  - (2) The Contractor is not obligated to continue performance under this contract related to the CLIN or earn amounts payable in excess of the amount allotted to the Contract by the Government until the CO notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to the CLIN.
- (k) No notice, communication, or representation in any form, including, among other things, change orders, equitable adjustments, or unilateral or bilateral contract modifications, other than that specified in this clause, or from any person other than the CO, shall affect the amount allotted by the Government to this Contract for a CLIN, which will remain at all times the Government's maximum liability for a CLIN. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any amounts payable earned for a CLIN in excess of the total amount allotted by the Government to this Contract for a CLIN, whether earned during the course of the contract or as a result of termination.
- (l) Change Orders, equitable adjustments, unilateral or bilateral contract modifications, or similar actions shall not be considered increases in the Government's maximum liability or authorizations to the Contractor to exceed the amount allotted by the Government for a CLIN unless they contain a statement increasing the amount allotted.
- (m) Nothing in this clause shall affect the right of the Government to terminate this Contract for convenience or default.

**B.15 Execution of CLINs**

Upon the NTP, the Contract Transition CLIN (0001) will be executed. Upon completion of Transition, the base period CLINs (0002 and 0003) will be executed. For the IDIQ CLIN (0004), Task Orders may be issued at any time during the base Period of Performance. The execution of the Option CLINs will be in accordance with Section B clause, DOE-B-2014 entitled, *Option to Extend the Term of the Contract: Estimated Cost, Fee and Period of Performance (Oct 2014)*.

**B.16 DOE-B-2014 Option to Extend the Term of the Contract: Estimated Cost, Fee and Period of Performance (Oct 2014)**

- (a) In accordance with the clause at FAR 52.217-9 entitled, *Option to Extend the Term of the Contract*, the Government may unilaterally extend the contract Period of Performance (as set forth in Section F entitled, *Deliveries or Performance*) to require the Contractor to perform the work set out by Section C entitled, *Description/Specifications/Performance Work Statement*. In the event that the Government elects to exercise its unilateral right to extend the term of the Contract pursuant to this clause and FAR 52.217-9, all terms and conditions of the Contract will remain in full force and effect.
- (b) The CO will consider factors set forth in FAR 17.207 entitled, *Exercise of Options*, in determining whether to exercise an option to extend the term of the Contract. The Government is concerned with ensuring that the Contractor’s performance meets, or exceeds, the performance requirements of the Contract in a cost-effective manner. Accordingly, the CO will consider the Contractor’s performance as part of the determination to exercise any option to extend the Contract term.
- (c) The estimated cost, fee, and Period of Performance of each option to extend the term of the Contract are set forth in Table B-2, and Section F, DOE-F-2003 entitled, *Period of Performance-Alternate I and Alternate II (Oct 2014)*.
