Hanford Advisory Board
Information Technology Sub-Committee

Bob Suyama

June 2017

Information Technology Sub-Committee Volunteers

Richard Bloom, Sam Dechter, Dirk Dunning,
Pam Larsen-Brown, Kristen McNall, Bob Suyama
support: Lindsay Strasser, Melissa Orona

Purpose of IT Subcommittee

To identify and recommend methodologies where innovations in Information Technology might be used to improve Board communications, document reference and develop processes.

Plan of Action

- **Identify Needs and Desired Information Requirements**

  Conduct a survey of Board members to establish the Board member's information needs and desires.

- **Develop a Statement of the Board's Information needs**

  Using Board member input, develop a Statement of the Board's Information needs and the actions proposed to address any identified shortcomings.

- **Present to the EIC and/or Board for discussion and approval of areas for further development.**

- **Work with the Board, Tri-party Agencies and the ProSidian facilitation team to identify best solutions, costs and implementation processes.**

- **Provide training for Board members on any new or expanded technologies.**
