

**Contractor:** CH2M HILL Plateau Remediation Company (CHPRC)

**Contract:** Plateau Remediation Contract   **Contract Number:** DE-AC06-08RL14788

**Award Period:** October 2019 through September 2020

**Basis of Evaluation:** Performance Evaluation and Measurement Plan

**Award Fee Available: \$20,100,000**

**Award Fee Earned:**

Base Fee: \$10,680,000 (of \$10,680,000 available)

Subjective: \$6,476,250 (of \$9,420,000 available)

Total: \$17,156,250 (of \$20,100,000 available; earned approximately 85.35% of total award fee available)

The Contractor met or exceeded the majority of performance goals and objectives for the performance period.

**Significant Achievements:**

- COVID-19 pandemic response and integration with other Hanford contractors
- Cumulative Impact modeling in support of DOE Hanford strategic initiatives
- Sustained Integrated Disposal Facility infrastructure modifications and environmental permitting in support of the Direct Feed Low Activity Waste mission
- Treated over 2.4 billion gallons of contaminated groundwater
- Exceeded DOE-EM FY2020 safety performance goals

**Areas for Improvement include:**

- Corrective actions for the Hanford Emergency Readiness Assurance Plan
- DOE-CHPRC management interface with respect to nuclear safety
- Performance of required subcontract audits
