Current Status

The Hanford Site has completed phase 3 of the COVID-19 re-entry.

On 25 February, the Safer Federal Workforce Task Force (Task Force) issued initial implementation guidance on COVID-19 Community Levels, which measure the impact of COVID-19 illness on health and healthcare systems. Hanford is relying on this data to determine the COVID-19 Community Level for a given facility by looking to the COVID-19 Community Level for Benton and Franklin counties. Where a locality imposes more protective pandemic-related safety requirements, those requirements should be followed in Federal facilities within that locality.

In Washington, the Governor updated Proclamation 20-25 (Washington Ready) to rescind the face covering requirement in most places. The face covering requirement will remain in place in healthcare settings, long-term care facilities, and correctional facilities and jails.
