Work Authorization – Revision 1
Project Number: PR105000-2016-RL

Background:

[DOE Policy 364.1, Health and Safety Training Reciprocity Program](#) (Reciprocity), is a process to certify the content of certain health and safety training courses as meeting requirements established by Federal regulations, national consensus standards, and DOE directives, allowing for reciprocity of these training courses across the DOE complex.

General Scope and Outcome:

The contractor shall support efforts to further support reciprocity across the Department. These efforts seek to promote greater consistency, transportability, effectiveness, and efficiency in DOE's ability to meet its training objectives.

Detailed Scope and Requirements:

Activities include, but shall not be limited to:

Collaboration with external entities: The Contractor shall support the Department's interactions with external entities such as the Labor Training Working Group, the Energy Facility Contractors Group (EFCOG) Training Working Group, the National Institute of Environmental Health Sciences (NIEHS), and the NTC.

Training Reciprocity Program: Provide direct support to the Department's training reciprocity program (DOE Policy 364.1). Such support shall include:

- Development and maintenance of evaluation checklists for courses included in the program and other such documentation necessary to support this initiative.
- Conduct of initial and follow-up reciprocity evaluations as necessary, to include on-site evaluation.
- Input, update, and maintenance of a shared collaboration space, or other appropriate mechanism to enable the DOE community to access information on the reciprocity program including evaluations, applications, contact information, etc.
- Provide user feedback and support to NTC for shared collaboration space features and capabilities. (Design and maintenance of the collaboration space will be the responsibility of the NTC.)

Website and SharePoint Sites: The Contractor shall work collaboratively with the NTC to update and maintain an external page to facilitate collaborative efforts.
