Cleve – Thank you for submitting the proposal regarding IT services switching from Firm Fixed Price (FFP) to Cost Reimbursable (CR). As discussed in yesterday's transition meeting, DOE has decided not to modify the contract by shifting the proposed IT work from FFP to the CR section of the contract. PWS section C.2.1.8 allows HPM to use the Hanford Site IT Management Contractor for IT systems maintenance. HPM has the latitude to determine whether it's in their best interest to self-perform this requirement or use the available site services. Based on this outcome, DOE will not further evaluate the submitted proposals.

If you have any other questions please don't hesitate to call.

Thank You,

Russell D. Walter
