--Reasonably Describe Records--

Description:

I am looking for the following documentation

[X] All documents, records, transcripts, contracts, receipts, shipment records, administrative records, photos, videos, memos, reports, deliberations, related to Mallinckrodt Chemical Works in St Louis, Missouri, starting as early as 1943.

[X] All documents, records, transcripts, contracts, receipts, shipment records, administrative records, photos, videos, memos, reports, deliberations, related to the St. Louis Airport Site (SLAPS) in St Louis, Missouri.

[X] All documents, records, transcripts, contracts, receipts, shipment records, administrative records, photos, videos, memos, reports, deliberations, related to the Latty Avenue Site, Berkeley, Missouri.

[X] All documents, records, transcripts, contracts, receipts, shipment records, administrative records, photos, videos, memos, reports, deliberations, related to the West Lake Landfill in Bridgeton, Missouri.

[X] Additionally I would be interested in all documents, records, transcripts, contracts, receipts, shipment records, administrative records, photos, videos, memos, reports, deliberations, related to shipments of materials from Hanford and Savannah River to Mallinckrodt Chemical Works in St Louis Missouri between 1945-1960.

These items may be released to me in batches.

Specify preferred form or format: Digital

--Type of requestor--

Select a description of yourself and the purpose of the request to help determine your category for assessing fees: An individual seeking information for personal use and not for commercial use.

--Fees and waivers--

Please select the statement that applies: I request a waiver or reduction of fees.

--Waiver factors--

The subject of the request:

I also request that fees be waived pursuant to 5 U.S.C. § 552(a)(4)(A)(iii), ("Documents shall be furnished without any charge ... if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.").

The informative value of the information to be disclosed:

This

information is critical to understanding the current status at the West Lake Landfill, where an underground fire is moving towards unprotected nuclear waste in an unlined landfill in the aquifer of the Missouri River. This is a very time imperative issue.

Contribution to an understanding by the general public: I expect

the requested materials will provide insights on the processes

and source materials interred in the West Lake Landfill to respond to concerns raised by members of the public.

The significance of the contribution to public understanding:

There are many broken and missing links in the chain of custody and characterization of materials inferred in the landfill.

Only

through analysis of the historical record can the public better

understand how to deal with a rapidly evolving situation involving nuclear materials illegally dumped in a public landfill.

The existence and magnitude of a commercial interest: None

The primary interest in disclosure:

--Expedited processing--

Justification:

Please provide your specific justification for expedited processing:
