Dear Ms. Lovtang:

FREEDOM OF INFORMATION ACT REQUEST (FOI 2016-01542)

This letter is in response to the electronic Freedom of Information Act (FOIA) request you submitted to the U.S. Department of Energy (DOE) Headquarters FOIA Office seeking the lidar-derived bare-earth data for the Hanford Site in Benton County, Washington. In your request you stated lidar-derived bare-earth data is publicly available for the River Corridor, Rattlesnake Mountain and Saddle Mountain, however, you are not requesting that information but rather the information that appears to be redacted.

In an electronic mail message dated October 17, 2016, you clarified your request and highlighted the areas you were seeking. A thumb drive containing the data is enclosed and the passcode was provided to you via electronic mail on November 8, 2016. As previously discussed with you, the cost to purchase the thumb drive was \$70.00. Please make your check payable to the DOE and mail to my attention at: DOE, P.O. Box 550, Richland, Washington, 99352.

If you have any questions regarding your request, please contact me at our address or on by calling (509) 376-6288.

Sincerely,

-Original Signed By-
