Description:

I write to request access from the US DOE Richland Emergency Preparedness Program to a copy of the most recent "General Hanford Area Hazard Assessment Report," including all appendices, attachments, charts, maps or graphs. I'm requesting such a "General Hanford Area Hazard Assessment Report" for the PFP to Slab on Grade, WESF/ the MCSC Project W 135, the 216 Z-9 Crib, the C Farm Tanks, and PUREX Tunnel 1 and 2. Further, I ask that these documents be sent to me in any digital formats in which they exist, such as PDF or Word. Under the E-FOIA Amendments of 1995, Section 5, if a document exists in electronic format, it must be released in that format upon request.

In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with Harper's magazine, and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is important for the public to better understand emergency preparedness at a site with significant potential for public health impact. This is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I am willing to pay fees for this request up to a maximum of \$50. If you estimate that the fees will exceed this limit, please inform me first.
