RE: FREEDOM OF INFORMATION ACT REQUEST – *REVISION 1.0*

Dear Ms. Riehle:

This is a request (*Revision 1.0*) under the Freedom of Information Act. I hereby request information in reference to the status of two entities:

- (1) Mack/Schwing concrete pump truck (1200 32 meter), last known location Hanford 200 East Area – B Plant (WESF), Administrator Rick Wiseman (CH) at 509-373-9470, Administrator Rex Flaucher (CH) at 509-373-0897, Facility Representative Mark Heeter (DOE) at 509-373-1970. (Note – previous meetings with Mr. J. Schroder, DOE-RL, in 2018.)
- (2) Waste encasement slip-form (very large metal modular concrete form for encapsulation of class C low level waste), last known location Hanford 200 West Solid Waste Landfill trenches (proximal to trench number 34) Administrator (Vice President) Kalli Shupe (CH) at 509-373-2725. (Note – previous meetings with Mr. J. Schroder, DOE-RL, in 2018.)

Please release concise **summary** record(s), i.e., radiological condition, current location, custodian, etc., if available, for the above two listed entities. (Less than 1 page per item (2 pages total) should be sufficient).

In order to determine my status, note that I am affiliated with Applied Geotechnical Engineering and Construction Incorporated, and Empire Properties Limited Liability Company. Please address any correspondence, etc., to Post Office Box 1280 Richland, Washington 99354.

I am willing to pay fees for this request to a maximum of \$200.00. If you estimate fees in excess of this amount, please contact me before proceeding.

If there are any questions or further elaboration is required, please contact me at the address above or electronically, at

I look forward to receiving your response.

Regards,

Steven J. Phillips
