Request description

Hello, I am looking for the CPAR scores and past performance information for Jacobs Engineering / CH2M HILL Plateau Remediation Company (CHPRC) on the Plateau contract at the Hanford Site. I'm also looking for CPAR scores and past performance information for Washington River Protection Solutions (WRPS) the AECOM led joint venture on the management of the waste storage tanks at the Hanford Site. I would prefer details going back as far as the initial contract (For example, Washington River Protection was recently extended, I'd like to see past performance information since before that). Also any detail on the extension of the contract could be helpful for public need.

Supporting documentation

Fees

Request category ID	scientific
Fee waiver	yes

Explanation We are doing research on contractors ability to perform at the Hanford Site and have identified these two contractors and their specific contracts given that they're up for renewal shortly.

Expedited processing

Expedited Processing yes

Explanation We'll be disseminating a public research report upon the receipt of this information. Both companies have been on record as pursuing renewals for this contract.
