Reasonably Describe Records

Describe the specific record (s) you seek with sufficient detail that a knowledgeable official of the activity may locate the record with a reasonable amount of effort. Such detail should include: dates, titles, file designations, and offices to be searched. Since most DOE records are not retained permanently, the more information that you provide, the better the opportunity there is to determine if the records involved still exist and where. The FOIA clearly states that records must exist at the time the request is submitted.

### Description

THE DOE maintains salary/wage tables for tables for all types of workers (I believe these tables are used to meet the requires of the Davis/Bacon Act as well as manage various contracts with contracts to the DOE). I would like to receive a copy of these tables and specifically wage/salary table for Engineers/Scientists.) Should this request be unclear please contact me via telephone for further clarification. Thank you.
