==Reasonably Describe Records==

Description:
According to Federal Acquisition Regulations, the U.S. Department of Energy should have conducted an alternatives analysis resulting from material changes to the Bechtel National Inc. Waste Treatment Plant contract #DE-AC27-01RV14136.

As of February 5, 2021, there have been 507 contract modifications, at least three of which were “material changes” to the contract defined as Cardinal Changes. A cardinal change in a contract obligates the DOE to perform an “alternatives analysis” to determine if a new acquisition approach to the contract is warranted.

I would like to receive any reports or correspondence regarding alternative analyses conducted in response to the cardinal

changes within any of the contract modifications to DOE contract #DE-AC27-01RV14136 since the contract's beginning to the present – 2002 to 2021.

Specify preferred form or format: Digital files, emails, paper copy, etc.

==Type of requestor==

Select a description of yourself and the purpose of the request to help determine your category for assessing fees: An individual seeking information for personal use and not for commercial use.

==Fees and waivers==

Please select the statement that applies: I agree to pay all applicable fees.

==Expedited processing==

Justification:

Please provide your specific justification for expedited processing:
