FEE DETERMINATION SCORECARD

FY2025 Fee Determination Scorecard

Contractor: Hanford Mission Integration Solutions, LLC

Contract: Hanford Mission Essential Services Contract

Award Period: October 1, 2024, through September 30, 2025

Basis of Evaluation: Performance Evaluation and Measurement Plan (PEMP) for FY2025

*The FY2025 PEMP for this contract is available online at:
https://www.hanford.gov/files.cfm/HMIS_-_Mod_P00316_J-4_e_HMESC_FY25_PEMP_Rev__2.pdf

Award Fee Scorecard[1]:

FY2025 Subjective and Objective Performance Evaluation Results

Category	% Value	Max Value	% Earned	$ Earned	$ Unearned
Subjective	34%	$7,893,332	87%	$6,867,199	$1,026,133
Objective	66%	$14,999,493	100%	$14,999,493	$0
OVERALL	**100%**	**$22,892,824**		**$21,866,692**	**$1,026,133**

In summary, HMIS' performance during the subject award period was rated as very good.

Subjective Fee (Award Fee) Criteria Summary Table

Criteria	Maximum Available Fee	Adjectival Rating	Earned Fee	
			Percentage	Fee Amount
SEA 1, Management of Mission Integration, Business Operations, and Service Delivery	$2,002,824	Very Good	87%	$1,742,423
SEA 2, Conduct of Operations, Engineering, Maintenance, and Program and Project Management	$2,356,717	Very Good	87%	$2,049,911
SEA 3, Environmental Compliance, Safety Program Implementation,	$1,530,967	Very Good	87%	$1,332,442

[1] All dollar and percentage values are rounded.

Subjective Fee (Award Fee) Criteria Summary Table

Criteria	Maximum Available Fee	Adjectival Rating	Earned Fee	
			Percentage	Fee Amount
Contractor Assurance Implementation, and Quality Assurance Implementation				
SEA 4, Security, Safeguards, Fire and Emergency Operations, and Support to DOE Programs	$2,002,824	Very Good	87%	$1,742,423
Total	**$7,893,332**		**87%**	**$6,687,199**

Objective Fee (Performance Based Incentives [PBIs]) Criteria Summary Table

PBI	Title	Maximum Available Fee	Fee Earned	Percent
1.1	Demonstrate Effective Service Delivery	$2,706,675	$2,706,675	100%
1.2	Demonstrate Effective Project Management	$2,255,563	$2,255,563	100%
1.3	Demonstrate Effective Management of Electric and Water Utilities to maximize reliability and redundancy	$3,157,788	$3,157,788	100%
1.4	Demonstrate Comprehensive Critical Infrastructure Planning and provide adequate and reliable water, sewer, and electrical utilities in support of critical facilities and 24/7 DFLAW operations	$451,113	$451,113	100%
2.1	Maximize Efficient Contractor Use of Resources to meet OHCs' changing project needs	$2,255,563	$2,255,563	100%
2.2	Implement Cross-Cutting Planning Improvements to support mission service planning and integration with OHCs	$2,255,563	$2,255,563	100%
2.3	Implement Efficiencies in Security, Emergency Response, and Emergency Management	$1,917,228	$1,917,228	100%
	Total	**$14,999,493**	**$14,999,493**	**100%**

DFLAW = direct-feed low-activity waste.
OHC = other Hanford contractor.

Significant Accomplishments:

- Enabled mission success by providing efficient and reliable delivery of sitewide services
- Implemented enhanced integration functions to optimize cleanup and support
- Completed construction of the 200 West Area potable water tank and the Central Plateau Water Treatment Plant

Opportunities for Improvement:

- Identification of innovative solutions to meet infrastructure needs
- Effective subcontractor oversight to optimize cost control and change order management in the execution of reliability projects
