THE HANFORD SITE

August 12, 2022

TO: All Hanford Contractor Employees

SUBJECT: Masks Optional at the Hanford Site August 13 – 19

****PLEASE SHARE THIS MESSAGE WITH THOSE WHO ARE NOT ON COMPUTERS****

For the week of **August 13-19**, 2022, the Community Level in Benton and Franklin counties has returned to low. Based on this status, masks remain **optional** at Hanford Site facilities regardless of vaccination status. Masks are still required for anyone visiting HPMC OMS or other healthcare facilities.

At the low level, visitors are no longer required to complete the OMB Certification of Vaccination form for a badge request.

A copy of the current metrics that determine our community level is attached. This is derived from the Centers for Disease Control and Prevention [Integrated County View of community levels](#).

If you have any questions, please work with your management. Thank you for doing your part to keep Hanford safe.

Current Status

The Hanford Site has completed phase 3 of the COVID-19 re-entry.

On 25 February, the Safer Federal Workforce Task Force (Task Force) issued initial implementation guidance on COVID-19 Community Levels, which measure the impact of COVID-19 illness on health and healthcare systems. Hanford is relying on this data to determine the COVID-19 Community Level for a given facility by looking to the COVID-19 Community Level for Benton and Franklin counties. Where a locality imposes more protective pandemic-related safety requirements, those requirements should be followed in Federal facilities within that locality.

In Washington, the Governor updated Proclamation 20-25 (Washington Ready) to rescind the face covering requirement in most places. The face covering requirement will remain in place in healthcare settings, long-term care facilities, and correctional facilities and jails.
