Save the Date! Nov. 7, 2019, 7-9 p.m.

Hanford Live 2019: An Online Conversation on Cleanup Progress and Challenges

Please join the [Tri-Party Agreement \(TPA\)](#) agencies from **7-9 p.m. (PST) on Nov. 7**, for *Hanford Live*, an **online conversation on cleanup progress, challenges, and priorities** with managers from the U.S Department of Energy, Environmental Protection Agency, and Washington State Department of Ecology. The livestream will start with a brief overview presentation from each agency, followed by a facilitated question-and-answer session.

This livestream forum was first used at the Hanford Site in 2017, and allowed people to participate virtually. The goal is to provide an opportunity for communication between the government agencies overseeing the environmental cleanup and the public.

To register, please visit (insert website). For more information, please contact HanfordLive@rl.gov.

Please share the attached flyer with friends, family and colleagues. The agencies look forward to your participation on Nov. 7!
