- i. WRPS pledges to consistently maintain one (1) DOE Mentor Protégé Agreement throughout the life of this Contract.
 - ii. The WRPS SBPM, the Project Business Manager, and/or the Procurement Manager will meet periodically with the U.S. Department of Energy Office of River Protection to review the status of WRPS's performance against its Small Business Subcontracting Plan to ensure the maximum practicable utilization of small business concerns as well as the attainment of subcontracting goals.
 - iii. Consistent with efficient contract performance, the SBPM will:

8. FLOW DOWN CLAUSES

WRPS agrees that the clause entitled "Utilization of Small Business Concerns" at FAR 52.219-8 will be included in all subcontracts that offer further subcontracting opportunities, and all subcontractors (except small business concerns) who receive subcontracts in excess of \$700,000 (\$1,500,000 in construction) will be required to adopt and comply with a subcontracting plan similar to this one.

Such plans will be reviewed by comparing them with the provisions of Public Law 95-507, and assuring that all minimum requirements of an acceptable subcontracting plan have been satisfied.

The acceptability of percentage goals shall be determined on a case-by-case basis depending on the supplies/services involved, the availability of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors, and prior experience.

Once approved and implemented, plans will be monitored through the submission of periodic reports, and/or, as time and availability of funds permit, periodic visits to the subcontractor's facilities to review applicable records and subcontracting program progress.

WRPS agrees to:

- Cooperate in any studies or surveys as may be required;
- Submit periodic reports so that the Government can determine the extent of compliance by WRPS with the subcontracting plan;
- Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (i) of FAR clause 52.219-9 using the Electronic Subcontracting Reporting System (eSRS) at <http://www.esrs.gov>.
- Ensure that its subcontractors with subcontracting plans agree to submit the ISR and SSR using eSRS;
- Provide its prime contract number, DUNS number and the e-mail address of the Government or Contractor official responsible for acknowledging or rejecting the reports to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their reports; and
