The Department of Energy and our One Hanford team are working to review revised federal and state guidelines for COVID-19. For the period from 4 to 12 March, federal and contractor employees are required to adhere to existing mask requirements in accordance with currently approved procedures.

During the week of 7 March, revised COVID-19 workplace procedures will be issued to implement revised protocols in alignment with federal and state guidelines. Thank you for your continued dedication to our One Hanford mission and thank you for your diligence in helping protect our team and our community during these challenging times.
