To address this matter, the Subcontractor is to consider the relevant circumstances surrounding this effort to determine if there are any past, present or future interests (financial, contractual, organizational or personal) that could be viewed as a conflict of interest. In addition, the Subcontractor is to consider potential conflicts of interest of all personnel working in
a staff augmentation or direct services role for familial relationships at Hanford in answering the following.

The Subcontractor is to insert the following statement into any proposal response to MSA:

Subcontractor hereby certifies that [__] there is not or [__] there is a potential conflict of interest by the company or company personnel. If the answer is affirmative, the details associated with the real or potential concerns are disclosed and highlighted in the Subcontractor’s proposal. Any such disclosure may result in the need for additional discussions relative to the Subcontractor’s continued participation in this effort. Failure to disclose any real or potential concerns may be grounds for disqualification if identified prior to award or, if applicable, termination if identified after award.

A.11 Foreign Nationals

(A106) Rev. 0 5/25/2016

If the Subcontractor intends to propose any foreign nationals (non-US citizens) that information must be a part of the Subcontractor’s proposal. (A109) Rev. 0 7/27/2017

1. Although the parties have negotiated the ceiling price of a not-to-exceed amount of $ for this Subcontract, it is understood that sufficient funds for the full scope of the work are not presently available. It is anticipated that additional funds will be obligated to this Subcontract until the total estimated price of said Subcontract is reached.
2. The Subcontract specifies the amount presently available for payment, the items covered, and the period of performance the amount will cover. The Subcontractor agrees to perform (or have performed work) on the Subcontract up to the point at which the total amount paid and payable under the Subcontract approximates but does not exceed, the total amount actually allotted on the Subcontract.

The notice shall state the estimated date when such amount will be reached, and the estimated amount of additional funds required for continuing performance for the period specified in the schedule. If, after such notification, additional funds are not obligated by the end of estimated reach date or by another agreed upon date, the Buyer shall, upon Subcontractor’s written request, terminate this Subcontract on the performance end date or the date set forth in the request, whichever is later, and pursuant to the provisions of the Termination clause of this Subcontract.

4. Except as provided by other provisions of this Subcontract, the following are stated to be exceptions to this clause:
   a. The Buyer is not obligated to reimburse the Subcontractor for costs incurred in excess of the total amount allotted to this Subcontract; and
   b. The Subcontractor is not obligated to continue performance under this Subcontract (including actions under the termination clause) or otherwise incur costs in excess of the allotted amount of this Subcontract, until the Buyer notifies the Subcontractor in writing that the amount has been increased and specifies the revised total allotted amount.

5. No notice, communication, or representation in any form or by anyone other than the Contract Specialist, shall affect the allotted amount of this Subcontract. In the absence of the Subcontractor’s notification (paragraph 3 above), the Buyer is not obligated to reimburse the Subcontractor for any costs in excess of the total amount allotted to this Subcontract whether incurred during the course of performance period, a termination, or result of an audit.

6. Any costs the Subcontractor incurs before a modification shall be allowable to the same extent as if incurred afterward, unless this Subcontract was terminated.

7. Change orders shall not be considered an authorization to exceed the allotted amount specified in the schedule, unless they result in a modification to the Subcontract
8. If the Buyer does not allot sufficient funds to allow completion of the work, the Subcontractor is entitled to a percentage of the fee specified in this Subcontract equaling the percentage of work completed.

B.0 Description/Statement of Work – See Section G

B.1 Reimbursement of Overtime – Staff Augmentation Subcontracts

Subcontractor personnel providing professional and staff augmentation support under this Subcontract are expected to work the hours necessary to accomplish the task. Reimbursement for time worked by these individuals above the standard work hours (40 hours in a Monday-Friday work week or 80 hours in a two week billing schedule) will be considered when the work hours are authorized by the Buyers Technical Representative (BTR) or their Manager.

Authorization of overtime hours by subcontracted staff is documented through the BTR/Manager approval of the individuals CLTR timecard. It is the Subcontractor’s responsibility to ensure individual overtime billing rates are incorporated into the subcontract prior to any individual working above the standard work hours. As a general rule overtime will not be ratified except under unusual and unique circumstances.

Additionally, MSA will provide reimbursement only for hours where productive work is performed in pursuit of the subcontracted scope. Work associated with Subcontractor company business, travel time to or from the work place assignment, or for any Project closeout will not be reimbursed as a direct charge.

The Subcontractor email account shall be able to send and receive attached documents of up to 1/2 megabyte in size. D.4 Invoices and Payments – Contracted Labor Time Recording (CLTR) System

(G045) Rev. 0 2/27/2012

**Billable Hour Submittals**

Billable hours worked by any Staff Augmentation Contracted Labor Resource (CLR) under this Subcontract must be recorded and approved in the Buyer’s CLTR system. The Buyer will automatically generate an invoice (Auto Invoice) based on the labor hour data recorded and approved
in CLTR from which payment will be made. Therefore, the Subcontractor is not required to submit invoices for CLR time.

**Invoices**

The Buyers CLTR system will generate an Auto Invoice for each release for CLRs with time recorded and approved in the CLTR system.

The Auto Invoice will include all time cards which were approved during the invoice period. The invoice shows the period of time recorded and the approved date.

A copy of the Auto Invoice will be emailed to the Subcontractor in PDF file format. It is the Subcontractor’s responsibility to provide the Contract Specialist with any changes to the email address. A single PDF invoice file will contain all Subcontracts and/or releases with submitted and processed time for that invoice period. Each release will be shown on a separate page in the PDF invoice file.

**Invoice Period**

Auto Invoices will be processed and distributed on the third Wednesday of each month. The invoice period will run from Monday of the invoice processing week through the Sunday preceding the next processing.

**Subcontractor Action Required**

Ensure that all of your personnel who have been designated to record their time in the CLTR system are doing so promptly and accurately.

Upon receipt of the invoices, review the CLR’s time to ensure it is accurate. Contact your CLR and the Buyer’s Technical Representative to discuss any discrepancies.

**Corrections and Changes**

If an error is found in a time record, the CLR will be required to submit a corrected time record (through the CLTR system). Payment adjustments for the corrected time record will be processed in the next invoice period.

- Recording hours worked and submitting the time cards for approval in the CLTR system constitutes Subcontractors certification that the hours are correctly charged for work performed and that Subcontractor is requesting payment in accordance with the Subcontract. Use of the CLTR invoice process does not relieve Subcontractor of any record keeping or accounting requirements.
D.5 Terms of Payment

(G047) Rev. 0 7/14/2014

Payment terms are net 30 days, unless otherwise agreed upon in writing, upon satisfactory receipt of goods or provision of services and receipt of an accurate invoice.

It is the Subcontractor’s responsibility to ensure their employees are properly classified in accordance with the Service Contract Labor Standards for the work assigned for the entire duration of this Subcontract. The Subcontractor shall pay service employees employed in the performance of this Subcontract no less than the minimum wage, and furnish fringe benefits in accordance with the appropriate job classification per the applicable Blanket Wage Determination.

Service Occupations that will be used in performance of this Subcontract at another location or that are not listed in the BWD must be specifically identified herein along with an applicable wage determination.
E.3 Inspection of Services

(H37) Rev. 0 3/14/2011

2. Subcontractor shall provide and maintain an internal quality control/inspection system covering the services performed under this Subcontract that is acceptable to the Buyer. However, Buyer acceptance does not relieve the Subcontractor in any way for full performance responsibility.

3. Complete records of all inspections performed by Subcontractor on work related to the requirements of this Subcontract shall be maintained and made available to the Buyer during Subcontract performance, and for as long afterwards as is required by the DEAR clause 970.5204-9 (modified) of the General Provisions of this Subcontract.

Subcontractor shall make such provisions as necessary in its contracts and sub-tier subcontracts to ensure the preservation of this right. The Buyer shall perform inspections and tests in a manner that will not unduly delay the work.

If the Buyer performs inspections or tests on Subcontractor’s premises or those of Subcontractor’s sub-tier subcontractor(s), Subcontractor shall furnish, and shall require its sub-tier subcontractors and suppliers to furnish without additional charge, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

6. If any of the services provided by Subcontractor do not conform to Subcontract requirements, the Buyer may require Subcontractor to perform the services again in conformity with Subcontract requirements with no increase in Subcontract price. When defects in services cannot be corrected by re-performance, the Buyer may: (1) require Subcontractor to take necessary action to ensure that future performance conforms to contractual requirements and (2) reduce the Subcontract price to reflect the reduced value of the services performed.
REQUEST FOR PROPOSAL NO: 308884

7. If Subcontractor again fails to promptly perform the services or to take necessary action to ensure that future performance is in conformity with contractual requirements, the Buyer may: (1) by Subcontract or otherwise, perform the services and charge Subcontractor any cost incurred by the Buyer that is directly related to the performance of such service or (2) terminate this Subcontract for default in accordance with the clause entitled “Termination for Default” of the General Provisions of this Subcontract.

The Contract Specialist hereby designates the following as the Buyer’s Technical Representative, (BTR) for this Subcontract: Name/phone/mail stop/email: TBD.

The BTR is responsible for monitoring and providing technical guidance for this Subcontract and should be contacted regarding questions or problems of a technical nature. The BTR is also responsible for appropriate surveillance of the Subcontractor’s representative while on site. However, in no event will an understanding, agreement, modification, change order, or any deviation from the terms of this Subcontract be effective or binding upon the Buyer unless formalized by proper contractual documents executed by the Contract Specialist prior to completion of this Subcontract.

On all matters that pertain to Subcontract terms, the Subcontractor shall contact the Contract Specialist specified within this Subcontract. When in the opinion of the Subcontractor, the BTR requests or directs efforts outside the existing scope of the Subcontract; the Subcontractor shall promptly notify the Contract Specialist in writing. The BTR does not possess any explicit, apparent or implied authority to modify the Subcontract. No action should be taken until the Contract Specialist makes a determination and modifies the Subcontract in writing.
