

Conflict of Interest Disclosure and Representation

It is the Buyer's policy to avoid situations, which place a Subcontractor or Subcontractor's employees in a position in which it may not be able to participate or perform on an equal basis for Buyer-controlled work with other qualified contractors due to impermissible Conflicts of Interest. See, [FAR 3.1101](#). To address this matter, the Subcontractor is to consider the relevant circumstances surrounding this effort to determine if there are any past, present or future interests (financial, contractual, organizational or personal) that could be viewed as a conflict of interest. In addition, the Subcontractor is to consider potential conflicts of interest of all personnel working in a staff augmentation or direct services role for familial relationships at Hanford in answering the following.

The Subcontractor is to insert the following statement into any proposal response to MSA:

Subcontractor hereby certifies that **there is not** or **there is** a potential conflict of interest by the company or company personnel. If the answer is affirmative, the details associated with the real or potential concerns are disclosed and highlighted in the Subcontractor's proposal. Any such disclosure may result in the need for additional discussions relative to the Subcontractor's continued participation in this effort. Failure to disclose any real or potential concerns may be grounds for disqualification if identified prior to award or, if applicable, termination if identified after award.
