2. Identify hazards and ES&H requirements;
3. Analyze hazards and implement controls;

10.0 CHANGES

No substitutions shall be made in this Contract without the prior written consent of the Buyer. The Buyer reserves the right to make changes within the general scope of this Contract by unilateral modification. Such changes may include changes in (1) the description of the items or services required; (2) the quantities ordered; (3) the method of shipment or packaging, and (4) the time or place of delivery, inspection or acceptance. If the Contractor fails to comply with any Contract terms or to make sufficient progress as to endanger performance, the Buyer may suspend or terminate this Contract for cause. In the event of termination for cause, the Buyer shall be liable only for any item and/or service accepted. The Buyer may complete Contract performance by any reasonable means and the Contractor shall be responsible for additional costs incurred by the Buyer.

The Buyer may suspend the Contractor's right to perform any part of or all of this Contract for an indefinite period. If any such suspension significantly delays the progress or causes the Contractor additional direct expenses in the performance of the Contract, not due to the fault or negligence of the Contractor, a Contract modification shall adjust compensation to the Contractor based on the additional direct Contractor expenses to perform and the time of performance shall be extended by the actual suspension duration. Contractor's claim for

Mission Support Alliance Provision

compensation must be supported by appropriate documentation within ten (10) calendar days from the date performance resumes.

The Contractor shall not be liable for delays in performance due to causes beyond the Contractor's reasonable control or for delays of the Contractor's suppliers at any tier if the delay is beyond the control of both the Contractor and its suppliers and without fault or negligence of either.

Costs sustained by Buyer as a result of (1) Contractor's non-compliance with any law, ordinance, regulation, rule or order, or this Contract, including its Safety provisions; (2) delays to contract performance attributable to unsatisfactory Contractor performance; or (3) damage to or loss of property (including the property of Buyer or the Government) resulting from any acts or omissions of Contractor or its subcontractors, shall be backcharged to the Contractor. Backcharges may include, but are not limited to, costs of labor, material, or equipment; taxes, levies, duties and assessments; and markups for indirect costs, overhead, supervision, and administration. Such backcharges shall offset payments due Contractor from pending invoices and if such backcharges exceed invoiced amounts, such backcharges will be invoiced by Buyer to Contractor, such backcharges payable within 30 days.

The Contractor shall protect from damage at no additional cost to Buyer all existing equipment, materials (whether stored or installed), paving, structures, improvements and utilities (1) at or near the work site and (2) on adjacent property of a third party, the locations of which are made known to or should be known by the Contractor. The Contractor shall repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this Contract or failure to exercise reasonable care in performing the work.

14.0 TERMINATION FOR CONVENIENCE

The Buyer may, at its sole discretion, terminate the Contract in total or any portion not completed by giving the Contractor written notice. Upon notice of termination, the Contractor shall, unless otherwise directed in writing, discontinue all performance on the date specified in the notice and take action to minimize costs to the Buyer. Payment for items and/or services already completed or in the process of completion shall be adjusted between the Buyer and the Contractor in a fair and reasonable manner, but such payment shall exclude any allowance for the uncompleted portion of the item and/or service, or any anticipated profits thereon. Contractor shall deliver all completed and partial items with all applicable warranties or dispose of items as directed by Buyer before final payment. Such payments shall not exceed the total value of the Contract prior to termination for convenience.

15.0 LAWS AND REGULATIONS

16.0 RESOLUTION OF DISPUTES

The Contractor and Buyer agree to make good-faith efforts to settle any dispute or claim that arises under this Contract through discussion and negotiation. If such efforts fail to achieve a mutually agreeable resolution, the parties agree to alternative disputes resolution (ADR) and to join in such arbitration proceeding as Buyer may determine appropriate. Parties shall submit to such jurisdiction and be bound by the judgment rendered according to the ADR rules. Contractor shall proceed diligently without interruption in the performance of this Contract pending final resolution of any dispute arising under this Contract between the parties hereto or between the Contractor and its subcontractors.

If ADR fails or is not used, the parties agree that the appropriate forum for resolution shall be a court of competent jurisdiction in the State of Washington.

No interest is payable to Contractor for any claim it may have, except that specifically imposed by a court of competent jurisdiction on any judgment (and then only from the date of the entry of judgment).

17.0 COUNTERFEIT FASTENERS AND COMPONENTS

Buyer reserves the right to question and/or require Contractor to certify and/or furnish proof regarding the quality, authenticity, application or fitness for use of the items supplied by the Contractor under this Contract. Any items furnished as part of this Contract and which have been previously found by Buyer, the Department of Energy, or the Department of Commerce to be counterfeit or which are listed by the Department of Commerce to be suspect will be deemed, without more proof, to be subject to the above requirement of further proof or certification. Buyer also reserves the right to question the circumstances and make available a report of any such review to the Government. All costs associated with conducting inquiries into and reporting on fasteners and components determined to be counterfeit shall be recovered by Buyer from Contractor.

A copy is available from the Buyer upon request. All other Federal, state, county, municipal or other sales, use, excise or similar taxes must be included in the Contract amount. If the Contractor, as a result of this Contract becomes eligible for Washington State Business and Occupation Tax Credit for Research and Development spending, the Contractor shall take such tax credit and assign such tax credit to the Buyer. Note that labor charges for construction and demolition services, which are applied to real property owned by the U.S. Department of Energy, are exempt from sales and use tax.

As a minimum, the invoice shall clearly identify the invoice number, contract, release and/or item number(s) for which payment is being requested, and contain a corresponding description of each item billed, and amount being billed. Submittal of an invoice constitutes Contractor's certification that the materials, work and/or services have been delivered and are in accordance with all terms of the Contract.

At Buyer's request Contractor shall furnish evidence, satisfactory to Buyer, that all labor and materials furnished and equipment used during the period covered by any invoice has been paid for in full and that the work is not subject to liens or claims on account thereof.
