1.0 DEFINITIONS

- A. Whenever used in this document, the following definitions shall be applicable unless the content indicates otherwise.
1. “Buyer” shall mean Mission Support Alliance, LLC (“MSA”) and all of its authorized representatives (i.e. “Contract Specialists”) acting in their professional capacities (under DOE Prime Contract No. DE-AC06-09RL14728) entering into this Subcontract with the Subcontractor.
 2. “Government” shall mean the United States of America and includes the U.S. Department of Energy (DOE) or any duly authorized representative thereof, including the Buyer.
 3. “Head of Agency” or “Secretary” shall mean the Secretary, the Under Secretary, and Assistant Secretary, or any other head or assistant head of the executive or military department or other Federal agency.
 4. “Services” shall mean labor, direction of labor, production of technical information, consulting services or any other services furnished by Subcontractor and any of its lower-tier Subcontractors under this Subcontract.
 5. “Subcontract” shall mean this Subcontract between Buyer and Subcontractor; also includes purchase order, task orders, releases and other agreements.
 6. “Subcontractor” shall mean any company, person, organization, lower-tier Subcontractor, seller, and/or supplier of any tier performing work (including supplying goods and/or services) under this Subcontract. “Subcontractor” also refers to any authorized representatives, successor, and permitted assigns of any company, person, and/or organization named under this Subcontract.
 7. “Supplies” shall mean equipment, components, parts and materials to be provided by Subcontractor and its lower-tier Subcontractors pursuant to this Subcontract.
 8. “Vendor data” shall mean any and all information, data and documentation to be provided by Subcontractor and any of its lower-tier Subcontractors under this Subcontract.

“Work” shall mean supplies, services, and vendor data provided by Subcontractor and any of its lower-tier Subcontractors and all work performed with respect thereto pursuant to this Subcontract.

2.0 ORDER OF PRECEDENCE

Mission Support Alliance Provision

- A. In the event of a discrepancy among any of the Subcontract terms, conditions, clauses, provisions, written direction and instructions, and documents (collectively, the “Subcontract”), the following order of precedence shall govern resolution: (1) Buyer's written Subcontract modifications, direction, and instructions; (2) Subcontract form and clauses, including clauses incorporated by reference; (3) Technical instructions, including the Statement of Work (SOW), drawings, exhibits and attachments, and applicable standards; (4) Special Provisions; (5) General Provisions; and (6) other documents identified as being part of the Subcontract.
- B. Nothing recited above shall be construed as superseding or deleting any applicable statute, rule, ordinance, or regulation (collectively, the “laws”). In the event of a conflict with laws, the specific conflicting term of the Subcontract shall be considered null and without effect, and laws shall govern. All remaining terms unaffected by said laws should continue in force.

3.0 SAFETY AND QUALITY STANDARDS

3.1 INSPECTION, TESTING, AND QUALITY CONTROL

- A. Subcontractor shall inspect all materials, supplies, and equipment which are to be incorporated in the work. In addition, Subcontractor shall conduct a continuous program of quality control for all work. When requested by the Buyer, Subcontractor’s quality control program and inspection procedures for the foregoing shall be submitted in writing to Buyer for review and approval, in sufficient detail to delineate those items to be inspected and the manner in which they are to be inspected, and shall adequately describe all quality control activities contemplated, including provision for adequate documentation of Subcontractor’s performance of such quality control and inspection.
- B. Subcontractor shall, during the course of performance of the work hereunder, without additional compensation, make or cause to be made all tests required by this Subcontract. Buyer may require additional inspections and tests. Subcontractor shall furnish Buyer with satisfactory documentation of the results of all inspections and tests. Buyer shall be given not less than five (5) working days’ notice of any tests to be made by Subcontractor or any of its lower-tier Subcontractors in order that Buyer may witness any such tests.
- C. Buyer and the Government and their representatives, and others as may be required by applicable laws, ordinances and regulations, shall have the right at all reasonable times to inspect the work and all material, supplies and equipment for the work. Subcontractor shall provide, or cause to be provided access and sufficient, safe and proper facilities for such inspections. Neither the failure to make such inspection nor to discover defective workmanship, materials or equipment, nor approval of or payment to Subcontractor for such work, materials or equipment shall prejudice the right of Buyer or the Government.

Mission Support Alliance Provision

- D. If Subcontractor covers any portion of the work prior to any inspection or test provided for in the specifications, inspection schedule, or as previously requested by Buyer, the cost of uncovering and covering the work to allow for such inspection or test shall be borne by the Subcontractor. Buyer may order reexamination of any work. In the event of such reexamination, if any material, equipment or any part of the work is determined by Buyer to be defective, Subcontractor shall not be reimbursed for uncovering, repair or corrective and restoration costs. If such work is found to be in accordance with the Subcontract requirements upon such reexamination, Buyer shall pay Subcontractor the cost of uncovering and restoration.
- E. Rejection by Buyer of any or all parts of defective work for failure to conform to this Subcontract shall be final and binding. Such rejected work shall be promptly corrected or replaced by Subcontractor at Subcontractor's expense. If Subcontractor fails to commence and diligently continue correction or replacement of such rejected work immediately after receipt of written notice from Buyer to correct or replace the rejected work, Buyer may at its option remove and replace the rejected work, and Subcontractor shall promptly reimburse Buyer for the costs of such removal and replacement of defective work.

3.2 CONDITIONS AND RISKS OF WORK

Subcontractor represents that it has carefully examined the drawings and specifications for the work and has fully acquainted itself with all other conditions relevant to the work, and its surroundings, and Subcontractor assumes the risk of such conditions and will, regardless of such conditions, the expense, difficulty of performing the work, or negligence, if any, of Buyer, fully complete the work for the stated Subcontract price without further recourse to Buyer. Information on the site of the work and local conditions at such site furnished by Buyer in specifications, drawings or otherwise is not guaranteed by Buyer and is furnished only for the convenience of Subcontractor.

3.3 COUNTERFEIT FASTENERS AND COMPONENTS

Buyer reserves the right to question and/or require Subcontractor to certify and/or furnish proof regarding the quality, authenticity, application or fitness for use of the items supplied by the Subcontractor under this Subcontract. Any items furnished as part of this Subcontract and which have been previously found by Buyer, the Department of Energy, or the Department of Commerce to be counterfeit or which are listed by the Department of Commerce to be suspect will be deemed, without more proof, to be subject to the above requirement of further proof or certification. Buyer also reserves the right to question the circumstances and make available a report of any such review to the Government. All costs associated with conducting inquiries into and reporting on fasteners and components determined to be counterfeit shall be recovered by Buyer from Subcontractor.

Mission Support Alliance Provision

Suspect/counterfeit items pose potential threats to the safety of workers, the public and the environment and may have a detrimental effect on security and operations at nuclear facilities. Therefore, any item which is identified by the Buyer or DOE as suspected to be or counterfeit, will be retained by the Buyer and appropriately disposed of. Suspected/counterfeit items will not be returned to the Subcontractor. In addition, the DOE Inspector General will be notified of the supplied suspect/counterfeit items for any further investigation deemed appropriate.

4.0 TIMING OF WORK

4.1 REPORTING AND COORDINATION

- A. During the performance of work, Subcontractor shall submit to Buyer periodic progress reports on the actual progress and updated schedules as may be required by this Subcontract or requested by Buyer. In the event Subcontractor's performance of the work is not in compliance with the schedule established for such performance, Buyer may, in writing, require the Subcontractor to submit its plan for schedule recovery, or specify in writing the steps to be taken to achieve compliance with such schedule, and/or exercise any other remedies under this Subcontract. Subcontractor shall thereupon take such steps as may be directed by Buyer or otherwise necessary to improve its progress without additional cost to Buyer.
- B. Subcontractor recognizes that Buyer, the Government, other Subcontractors and lower-tier Subcontractors may be working concurrently at the jobsite. Subcontractor agrees to cooperate with Buyer, the Government and other Subcontractors and lower-tier Subcontractors so that the project as a whole will progress with a minimum of delays. Buyer reserves the right to direct Subcontractor to schedule the order of performance of its work in such manner as not to interfere with the performance of others.
- C. If any part of Subcontractor's work is dependent upon the quality and/or completeness of work performed under another Subcontract, Subcontractor shall inspect such other work and promptly report to Buyer any defects therein which render such work unsuitable for the proper execution of the work under this Subcontract. Failure to make such inspections or to report any such defects to Buyer shall constitute Subcontractor's acceptance of such other work as suitable to receive Subcontractor's work; provided however, that Subcontractor shall not be responsible for defects that could not have reasonably been detected.

4.2 DELAYS

- A. Except for defaults of subcontractors at any tier, the Subcontractor shall not be in default because of any failure to perform this subcontract under its terms if the failure arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of these causes are (1) acts of God or of the public enemy, (2) acts of the Buyer in either its

Mission Support Alliance Provision

sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor. “Default” includes failure to make progress in the work so as to endanger performance.

- B. If the failure to perform is caused by the failure of a subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Subcontractor and lower-tier subcontractor, and without the fault or negligence of either, the Subcontractor shall not be deemed to be in default, unless:
 - 1. The subcontracted supplies or services were obtainable from other sources;
 - 2. The Buyer ordered the Subcontractor in writing to purchase these supplies or services from the other source; and
 - 3. The Subcontractor failed to comply reasonably with this order.
- C. Upon request of the Subcontractor, the Buyer shall ascertain the facts and extent of the failure. If the Buyer determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of the Buyer under the termination clause of this subcontract.

4.3 STOP WORK

- A. The Buyer may, at any time, by written order to the Subcontractor, require the Subcontractor to stop all, or any part, of the work called for by this subcontract for a period of 90 days after the order is delivered to the Subcontractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Subcontractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Subcontractor, or within any extension of that period to which the parties shall have agreed, the Buyer shall either—
 - 1. Cancel the stop-work order; or
 - 2. Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- B. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Subcontractor shall resume work. The Buyer shall make an equitable adjustment in the delivery schedule or

Mission Support Alliance Provision

subcontract price, or both, and the subcontract shall be modified, in writing, accordingly, if—

1. The stop-work order results in an increase in the time required for, or in the Subcontractor's cost properly allocable to, the performance of any part of this subcontract; and
 2. The Subcontractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Buyer decides the facts justify the action, the Buyer may receive and act upon the claim submitted at any time before final payment under this subcontract.
- C. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Buyer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- D. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Buyer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order

4.4 SUSPENSION OF WORK

- A. The Buyer may order the Subcontractor, in writing, to suspend, delay, or interrupt all or any part of the work of this subcontract for the period of time that the Buyer determines appropriate for the convenience of the Buyer.
- B. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Buyer in the administration of this subcontract, or (2) by the Buyer's failure to act within the time specified in this subcontract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this subcontract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the subcontract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Subcontractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this subcontract.
- C. A claim under this clause shall not be allowed—
1. For any costs incurred more than 20 days before the Subcontractor shall have notified the Buyer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

Mission Support Alliance Provision

2. Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the subcontract.

4.5 POSSESSION PRIOR TO COMPLETION

Buyer and/or the Government shall have the right to move into Subcontractor's working and storage areas and the right to take possession of or use any completed or partially completed part of Subcontractor's work as Buyer or the Government deem necessary for their operations. In the event Buyer or the Government desires to exercise the foregoing right, Buyer will so notify Subcontractor in writing. Such possession or use shall not constitute acceptance of Subcontractor's work.

4.6 NOTICE OF COMPLETION AND FINAL ACCEPTANCE

- A. When Subcontractor deems the work fully completed, including satisfactory completion of such inspections, tests, and documentation as are specified in this Subcontract (or in the release Scope of Work and/or testing and acceptance plan), Subcontractor shall, within ten (10) working days thereafter, give a written Notice of Completion of the work to Buyer, specifying the work completed and the date it was completed. Within thirty (30) calendar days after receipt of said Notice of Completion, Buyer may inspect the work and shall either reject the Notice of Completion and specify defective or uncompleted portions of the work, or shall give the Subcontractor a written Notice of Acceptance of the work either for the purpose of final payment only, or for the purposes of final payment and final acceptance.
- B. In the event Buyer rejects the Notice of Completion and specifies defective or uncompleted portions of the work, Subcontractor shall within five (5) working days, provide for Buyer review and approval, a schedule detailing when all defects will be corrected and/or the work will be completed and shall proceed to remedy such defective and uncompleted portions of the work. Thereafter, Subcontractor shall again give Buyer a written Notice of Completion of the work, specifying a new date for the completion of the work based upon the date such defective or uncompleted portions of the work were corrected. The foregoing procedure shall apply again and successively thereafter until Buyer has given Subcontractor written Notice of Acceptance for purposes of final payment and final acceptance.
- C. Any failure by Buyer to inspect or to reject the work or to reject Subcontractor's Notice of Completion as set forth above, shall not be deemed to be acceptance of the work for any purpose by Buyer nor imply acceptance of, or agreement with, said Notice of Completion.

Subcontractor represents that it is fully experienced and properly qualified to perform the class of work provided for herein, and that it is properly equipped, organized, and financed to perform such work. Upon written request by Buyer, Subcontractor shall furnish to it such evidence as Buyer may require relating to the Subcontractor's ability to fully perform this Subcontract. Subcontractor further warrants that all materials, equipment and supplies furnished by Subcontractor for the work shall be new, merchantable, of the most suitable grade and fit for their intended purposes unless specifically provided in this Subcontract. Without limitation of any other rights or remedies of Buyer, if any defect in the work in violation of the foregoing warranties arises within the period set forth below, Subcontractor shall, upon receipt of written notice of such defect, promptly furnish, at no cost to Buyer, design and engineering, labor, equipment and materials necessary to correct such defect and cause the work to comply fully with the foregoing warranties.
- B. Subcontractor's warranties set forth in clause A. above shall extend for twenty-four (24) months after the date of final written acceptance of the work by Buyer, or eighteen (18) months after the start of regular operation or use of the work by Buyer,

whichever occurs first. Any period wherein the work is not available for use due to defects in materials, workmanship or engineering furnished by Subcontractor shall extend the warranty period by an equal period of time.

- C. Design and engineering, labor, equipment, and materials furnished by Subcontractor pursuant to clause A. above to correct defects shall be warranted by Subcontractor in accordance with the warranties set forth in clause A for a period of eighteen (18) months from the date of completion of the correction, or for the remainder of the warranty period set forth in clause B. above, whichever is longer.
- D. In the event Subcontractor shall have been notified of any defects in the work in violation of Subcontractor's foregoing warranties and shall fail to promptly and adequately correct such defects, Buyer shall have the right to correct or to have such defects corrected for the account of Subcontractor, and Subcontractor shall promptly pay Buyer the costs incurred in correcting such defects.
- E. Subcontractor shall include, at a minimum, the foregoing warranty requirements in any Subcontract that it places.
- F. Subcontractor warrants that all services supplied by Subcontractor in performance of this Subcontract shall be supplied by personnel who are careful, skilled, experienced and competent in their respective trades or professions. In addition to the other indemnification provisions within this Subcontract, Subcontractor specifically agrees to indemnify and hold harmless Buyer, from and against any liabilities, claims, charges, or suits for alleged losses, costs, damages or expenses arising from Buyer's exercise of its rights under this Article.

- C. Complete records of all inspections performed by Subcontractor on work related to the requirements of this Subcontract shall be maintained and made available to the Buyer during Subcontract performance, and for as long afterwards as is required by this Subcontract.
- D. The Buyer reserves the right to inspect and test all services called for by the Subcontract, to the extent practicable, at all times and places during the term of the Subcontract. This right shall extend to any of Subcontractor's sub-tier subcontractors

Mission Support Alliance Provision

whose work applies directly to this Subcontract. Subcontractor shall make such provisions as necessary in its contracts and sub-tier subcontracts to ensure the preservation of this right. The Buyer shall perform inspections and tests in a manner that will not unduly delay the work.

- E. If the Buyer performs inspections or tests on Subcontractor's premises or those of Subcontractor's sub-tier subcontractor(s), Subcontractor shall furnish, and shall require its sub-tier subcontractors and suppliers to furnish without additional charge, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.
- F. If any of the services provided by Subcontractor do not conform to Subcontract requirements, the Buyer may require Subcontractor to perform the services again in conformity with Subcontract requirements with no increase in Subcontract price. When defects in services cannot be corrected by re-performance, the Buyer may: (1) require Subcontractor to take necessary action to ensure that future performance conforms to contractual requirements and (2) reduce the Subcontract price to reflect the reduced value of the services performed.
- G. If Subcontractor again fails to promptly perform the services or to take necessary action to ensure that future performance is in conformity with contractual requirements, the Buyer may: (1) by Subcontract or otherwise, perform the services and charge Subcontractor any cost incurred by the Buyer that is directly related to the performance of such service or (2) terminate this Subcontract for default in accordance with the clause entitled "Termination for Default."

12.0 INDEMNITY

Subcontractor agrees to defend, indemnify, and hold harmless Buyer and the Government, the affiliated companies of each, and all of their directors, officers, employees, agents and representatives, from and against:

- A. Any claim, demand, cause of action, liability, loss, or expense arising by reason of Subcontractor's actual or asserted failure to comply with any law, ordinance, regulation, rule or order, or with this Subcontract. This Clause includes, but is not limited to, fines or penalties by Government authorities and claims arising from Subcontractor's actual or asserted failure to pay taxes.
- B. Any claim, demand, cause of action, liability, loss or expense arising from actual or asserted violation or infringement of rights in any patent, copyright, proprietary information, trade secret, or other property right caused or alleged to be caused by the use or sale of goods, materials, equipment, methods, processes, designs or information, including construction methods, construction equipment, and temporary construction facilities, furnished by Subcontractor or its lower-tier Subcontractors in performance of the work. Should any goods or services provided by Subcontractor become, or appear likely to become, the subject of a claim of infringement of a patent, copyright or other property right, Subcontractor shall, at Buyer's option, either

Mission Support Alliance Provision

procure for Buyer and the Government the right to continue using such goods or services, replace same with equivalent, non-infringing goods or services, or modify the goods or services so that the use thereof becomes non-infringing, provided that any such modification or replacement is of equal quality and provides equal performance to the infringing good or services.

- C. Any claim, demand, cause of action, liability, loss or expense arising from injury to or death of persons (including employees of Buyer, the Government, Subcontractor and Subcontractor's lower-tier Subcontractors) or from damage to or loss of property (including the property of Buyer or the Government) arising directly or indirectly out of this Subcontract or out of any acts or omissions of Subcontractor or its lower-tier Subcontractors in accordance with the State of Washington Comparative Fault Statute (RCW 4.22). Subcontractor's defense and indemnity obligations hereunder include claims and damages arising from non-delegable duties of Buyer or arising from use by Subcontractor of construction equipment, tools, scaffolding, or facilities furnished to Subcontractor by Buyer or the Government.
- D. Any claim, demand, cause of action, liability, loss or expense for actual or alleged contamination, pollution, or public or private nuisance, arising directly or indirectly out of this Subcontract or out of any acts or omissions of Subcontractor, or its lower-tier Subcontractors.
- E. Subcontractor's indemnity obligations shall apply regardless of whether the party to be indemnified was concurrently negligent, whether actively or passively, excepting only where the injury, loss, or damage was caused solely by the negligence or willful misconduct of, or by defects in design furnished by, the party to be indemnified. Subcontractor's defense and indemnity obligations shall include the duty to reimburse any attorney's fees and expenses incurred by Buyer or the Government for legal action to enforce Subcontractor's indemnity obligations.
- F. In the event that the indemnity provisions in this Subcontract are contrary to the law governing this Subcontract, then the indemnity obligations applicable hereunder shall be construed to be to the fullest extent allowable by applicable law.
- G. With respect to claims by employees of Subcontractor or its lower-tier Subcontractors, the indemnity obligations created under this Clause, shall not be limited by the fact of, amount, or type of benefits or compensation, payable by or for Subcontractor, its lower-tier Subcontractors or suppliers under any workers compensation, disability benefits, or other employee benefits acts or regulations, and Subcontractor waives any limitation of liability arising from workers' compensation or such other acts or regulations.
- H. Buyer shall be entitled to retain from payments otherwise due Subcontractor such amounts as shall reasonably be considered necessary to satisfy any claims, suits or liens for damages that fall within Subcontractor's indemnity obligations under this Clause, until such claims, suits or liens have been settled and satisfactory evidence to that effect has been furnished to Buyer.

13.0 LIMITATION OF LIABILITY – SERVICES

- A. Subcontractor shall not be liable for loss of or damage to property of the Government that (1) occurs after Buyer acceptance of services performed under this Subcontract and (2) results from any defects or deficiencies in the services performed or materials furnished except as provided in paragraphs 2 and 3 below, and except to the extent that the Subcontractor is expressly responsible under this Subcontract for deficiencies in the services required to be performed under it (including any materials furnished in conjunction with those services).
- B. The limitation of liability under paragraph 1 above shall not apply when a defect or deficiency in, or the Buyer's acceptance of, services performed or materials furnished results from willful misconduct or lack of good faith on the part of any of the Subcontractor's managerial personnel. The term "Subcontractor's Managerial Personnel," as used in this clause, means the Subcontractor's directors, officers, and any of the Subcontractor's managers, superintendents, or equivalent representatives who have supervision or direction of:
 - 1. All or substantially all of the Subcontractor's business;
 - 2. All or substantially all of the Subcontractor's operations at any one plant, laboratory, or separate location at which the Subcontract is being performed;
or
 - 3. A separate and complete major industrial operation connected with the performance of the Subcontract.
- C. If the Subcontractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government or the Buyer through the Subcontractor's performance of services or furnishing of material under this Subcontract, the Subcontractor shall be liable to the Government or the Buyer, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Buyer's acceptance of, and resulting from any defects and deficiencies, in services performed or materials furnished under this Subcontract.
- D. The Subcontractor shall include this clause, including this paragraph, supplemented as necessary to reflect the relationship of the Subcontracting parties, in all lower-tier Subcontracts over \$25,000.00.

14.0 TERMINATION

14.1 TERMINATION FOR DEFAULT

- A.1. The Buyer may, subject to paragraphs C. and D. of this clause, by written notice of default to the Subcontractor, terminate this subcontract in whole or in part if the Subcontractor fails to—

Mission Support Alliance Provision

- (i) Deliver the supplies or to perform the services within the time specified in this subcontract or any extension;
 - (ii) Make progress, so as to endanger performance of this subcontract (but see paragraph A.2. of this clause); or
 - (iii) Perform any of the other provisions of this subcontract (but see paragraph A.2. of this clause).
- A.2. The Buyer's right to terminate this subcontract under subdivisions A.1. (ii) and A.1. (iii) of this clause, may be exercised if the Subcontractor does not cure such failure within 10 days (or more if authorized in writing by the Buyer) after receipt of the notice from the Buyer specifying the failure.
- B. If the Buyer terminates this subcontract in whole or in part, it may acquire, under the terms and in the manner the Buyer considers appropriate, supplies or services similar to those terminated, and the Subcontractor will be liable to the Buyer for any excess costs for those supplies or services. However, the Subcontractor shall continue the work not terminated.
- C. Except for defaults of subcontractors at any tier, the Subcontractor shall not be liable for any excess costs if the failure to perform the subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the Buyer or Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor.
- D. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Subcontractor, and without the fault or negligence of either, the Subcontractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Subcontractor to meet the required delivery schedule.
- E. If this subcontract is terminated for default, the Buyer may require the Subcontractor to transfer title and deliver to the Buyer, as directed by the Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Subcontractor has specifically produced or acquired for the terminated portion of this subcontract. Upon direction of the buyer, the Subcontractor shall also protect and preserve property in its possession in which the Buyer has an interest.

Mission Support Alliance Provision

- F. The Buyer shall pay contract price for completed supplies delivered and accepted. The Subcontractor and Buyer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Buyer may withhold from these amounts any sum the Buyer determines to be necessary to protect the Buyer against loss because of outstanding liens or claims of former lien holders.
- G. If, after termination, it is determined that the Subcontractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Buyer.
- H. The rights and remedies of the Buyer in this clause are in addition to any other rights and remedies provided by law or under this subcontract.

14.2 TERMINATION FOR CONVENIENCE

- E. The Buyer may terminate performance of work under this subcontract in whole or, from time to time, in part if the Buyer determines that a termination is in the Buyer's interest. The Buyer shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- F. After receipt of a Notice of Termination, and except as directed by the Buyer, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

Stop work as specified in the notice.

1. Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the subcontract.
2. Terminate all subcontracts to the extent they relate to the work terminated.
3. Assign to the Buyer, as directed by the Buyer, all right, title, and interest of the Subcontractor under the subcontracts terminated, in which case the Buyer shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
4. With approval or ratification to the extent required by the Buyer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

Mission Support Alliance Provision

5. As directed by the Buyer, transfer title and deliver to the Buyer—
 - i. The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and
 - ii. The completed or partially completed plans, drawings, information, and other property that, if the subcontract had been completed, would be required to be furnished to the Government
 6. Complete performance of the work not terminated.
 7. Take any action that may be necessary, or that the Buyer may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which the Buyer has or may acquire an interest.
 8. Use its best efforts to sell, as directed or authorized by the Buyer, any property of the types referred to in paragraph B.6. of this clause; provided, however, that the Subcontractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Buyer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Buyer under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the Buyer.
- G. The Subcontractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Buyer upon written request of the Subcontractor within this 120-day period.
- H. After expiration of the plant clearance period as defined in Subpart [49.001](#) of the Federal Acquisition Regulation, the Subcontractor may submit to the Buyer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Buyer. The Subcontractor may request the Buyer to remove those items or enter into an agreement for their storage. Within 15 days, the Buyer will accept title to those items and remove them or enter into a storage agreement. The Buyer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.
- I. After termination, the Subcontractor shall submit a final termination settlement proposal to the Buyer in the form and with the certification prescribed by the Buyer. The Subcontractor shall submit the proposal

Mission Support Alliance Provision

promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Buyer upon written request of the Subcontractor within this 1-year period. However, if the Buyer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Subcontractor fails to submit the proposal within the time allowed, the Buyer may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined

- J. Subject to paragraph E. of this clause, the Subcontractor and the Buyer may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph F. or paragraph G. of this clause, exclusive of costs shown in paragraph G.3. of this clause, may not exceed the total subcontract price as reduced by (1) the amount of payments previously made and (2) the subcontract price of work not terminated. The subcontract shall be modified, and the Subcontractor paid the agreed amount. Paragraph G. of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- K. If the Subcontractor and the Buyer fail to agree on the whole amount to be paid because of the termination of work, the Buyer shall pay the Subcontractor the amounts determined by the Buyer as follows, but without duplication of any amounts agreed on under paragraph F. of this clause:
1. The subcontract price for completed supplies or services accepted by the Buyer (or sold or acquired under paragraph B.9. of this clause) not previously paid for, adjusted for any saving of freight and other charges.
 2. The total of—
 - (i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under paragraph G.1. of this clause;
 - (ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the subcontract if not included in subdivision G.2. (i) of this clause; and
 - (iii) A sum, as profit on subdivision G.2. (i) of this clause, determined by the Buyer under [49.202](#) of the Federal Acquisition Regulation, in effect on the date of this subcontract, to be fair and reasonable; however, if it appears that the Subcontractor would have sustained a loss on the entire

Mission Support Alliance Provision

subcontract had it been completed, the Buyer shall allow no profit under this subdivision G.2. (iii) and shall reduce the settlement to reflect the indicated rate of loss.

3. The reasonable costs of settlement of the work terminated, including
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

- L. Except for normal spoilage, and except to the extent that the Buyer expressly assumed the risk of loss, the Buyer shall exclude from the amounts payable to the Subcontractor under paragraph G. of this clause, the fair value as determined by the Buyer, for the loss of the Government property.

- M. The cost principles and procedures of [Part 31](#) of the Federal Acquisition Regulation, in effect on the date of this subcontract, shall govern all costs claimed, agreed to, or determined under this clause.

- N. The Subcontractor shall have the right of appeal, under the Disputes clause, from any determination made by the Buyer under paragraph E, G, or I of this clause, except that if the Subcontractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph E or I, respectively, and failed to request a time extension, there is no right of appeal.

- O. In arriving at the amount due the Subcontractor under this clause, there shall be deducted—
 1. All unliquidated advance or other payments to the Subcontractor under the terminated portion of this subcontract;
 2. Any claim which the Buyer has against the Subcontractor under this subcontract; and
 3. The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Subcontractor or sold under the provisions of this clause and not recovered by or credited to the Buyer.

- P. If the termination is partial, the Subcontractor may file a proposal with the Buyer for an equitable adjustment of the price(s) of the continued portion of the subcontract. The Buyer shall make any equitable adjustment agreed upon.

Mission Support Alliance Provision

Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by the Buyer.

- M.1. The Buyer may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the Buyer believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
- M.2. If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to the Buyer upon demand, together with interest computed at the rate established by the Secretary of the Treasury under [50 U.S.C. App. 1215\(b\)\(2\)](#). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Buyer because of the circumstances.
- N. Unless otherwise provided in this subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this subcontract for 3 years after final settlement.
